

CHRIS BURGESS' NEW 4055 BOOMER

Chris Burgess' right hand man, Jack Hewitt, is pictured taking delivery of Chris's new New Holland 4055 Boomer cab tractor with front end loader and a Silvan Waratah 5ft slasher. This unit was delivered to Chris's beautiful Nymboida property and will be used for general maintenance and landscaping.

A NEW HOLLAND MOWER CONDITIONER FOR THE BURGMANN'S.

Michael and Vicki Burgmann have chosen another new New Holland mower conditioner, trading their New Holland 1432 on the latest H7450 machine. Pictured at left is Mick at delivery.

GRAHAM HILL'S NEW DAVIMAC

Graham Hill of Piallaway did a lot of research before ordering his Davimac machine. Graham's machine is the Davimac SD Drill and features 13 rows at 300mm spacings, Spring Release tines, Press Wheels and Acremetre and should prove to be a good investment in the coming season. Pictured below at delivery are Dave McNab from Davimac, Graham Hill and Duncan Hill.

D'HUDSON'S NEW LELY

Richard (pictured at right) and Pam D'Hudson of Goolhi have taken delivery of a new Lely Vermeer MC1030 Discpro trailed mower Conditioner for their growing hay making operations, trading their New Holland 1411.

NEW SIP RAKE AT LOOMBERAH

A new Sip Rake 360/10 Rotary Rake has been delivered to Steve & Michelle Honey at Loomberah. Pictured at left at the start-up are Goodwin Kenny Service Technician Levi Alley, Colin Hartup and Steve Honey. Steve, Michelle and Colin were originally looking for a Rolabar Rake but after seeing the Sip Star 360/10 Rotary Rake at Goodwin Kenny, decided to try the Rotary Rake and were very pleased with the performance in the paddock.

Back Row L to R: Ken Hatton, David Hartmann, Josh White, Jamie Rutter.
Middle: Stuart Rowe, Levi Alley, Debra Adams, Peter Mackay, Rai Stibbard.
Front Row L to R: Mick Johnston, Merv Leard, Gina & Susan Goodwin holding the Excellence in Rural Industry Award, Kevin Collins, Con Smit.

INDUSTRY WINNER FOR 2010*

KEEPING COOL THIS SUMMER!

Your tractor's air conditioner can be a little more complicated than you might think.

When it's not working efficiently it's probably losing refrigerant—and it won't only be the temperature in your cab that will be rising! Simply topping up a leaking air conditioner with fluorocarbon refrigerant is illegal and will harm the environment by continuing to leak refrigerant in the atmosphere.

If components in the air conditioning fail due to lack of refrigerant, the cost of repair may increase dramatically too. Plus, fluorocarbon refrigerant is a green house gas, which will contribute to global warming, making the environment uncomfortable for everyone.

Only ARC authorised businesses and licenced technicians can legally handle fluorocarbon refrigerants in the service and repair of your tractor's air conditioner—so when you need your air conditioner serviced—

contact Goodwin Kenny where we have licenced technicians to carry out your Air Conditioning Service.

For customers who use internet Banking, our bank account details are:

Commonwealth Bank BSB: 062 602 Account Number: 00 272 029

Please use your account number, name or invoice number as a reference.

JOKE OF THE MONTH

Teachers are going to love this one. Brilliant!

At Penn State University, there were four sophomores taking chemistry, and all of them had an 'A', so far. These four friends were so confident that, the weekend before finals, they decided to visit some friends and have a big party. They had a great time but, after all the hearty partying, they slept all day Sunday and didn't make it back to Penn State until early Monday morning.

Rather than taking the Final Exam then, they decided that after the Final Exam was over they would explain to their professor why they missed it. They said that they visited friends, but on the way back they had a flat tyre and as a result, they missed the Final. The professor agreed they could make up the Final the next day. The guys were excited and relieved. They studied that night for the exam.

The next day the Professor placed them in separate rooms and gave them a test booklet. They quickly answered the first problem worth 5 points. Cool, they thought.

Each one in separate rooms, thinking this was going to be easy.... then they turned the page. On the second page was written.....

For 95 points: Which tyre? _____

Just to keep you up to date:

Australia Post have advised that mail that is addressed incorrectly will not be delivered — please ensure that we have your full and correct mailing address - RMB's are no longer used by Australia Post.

Discussions with Tamworth Regional Council are continuing with regard to the Parking and **No Stopping Zones** in Bridge Street, Tamworth — we will keep you posted on the outcome, in the meantime please be aware of the No Stopping Zone and pull into the driveway or onto the concourse if there is no parking available in the street.

We are pleased to introduce Tony Housden who has joined our team at Tamworth.

Tony's background is "Mechanical, Agricultural, Small Business and Chemical Sales" and we hope his future will be in Machinery Sales. Tony is taking on the challenge of learning about the many and varied machines that are available for today's farmers and is looking forward to meeting existing and new customers — so call in and say Hello.

On Friday 10th September my daughter, Gina, and I attended the Tamworth & District Chamber of Commerce & Industry Awards Evening held at the TRECC.

Goodwin Kenny were nominated again this year, this is our fifth nomination, our fifth year as a finalist and our second award, having previously won in 2007.

To win the 2010 Excellence in Rural Industry Award was a very pleasant surprise and a great recognition of the efforts and expertise of our staff.

2010 has been a difficult year and I appreciate the continued efforts made by the staff and the continued support of our customers, I am sure Peter would have been very proud.

....Susan Goodwin
