

#### A NEW SILVAN BOGBALLE FOR CHRIS BURGESS

Chris Burgess has recently taken delivery of a Silvan Bogballe three point linkage, 1600 litre fertiliser spreader capable of spreading out to 24 metres. Chris also opted for the Bogballe 1250 kg bag lifter which will save time and will reduce the need to have a loader tractor in the paddock for refills. Pictured: Chris Burgess and farmhand Charlie Stevenson at start-up.

#### A HOWARD SPRAYRITE FOR CAMERON GRACE

The Howard Sprayrite 1000lt Expo Pro Boom Spray was seen as an economical way for Cameron Grace to get his spraying done more efficiently. The 12 metre hydraulic boom with 3 section electric control and self levelling will give Cameron the flexibility to spray both the open paddock areas of the farm and then fold down to 8 metres for the rougher tighter grazing areas of the farm without leaving the tractor seat.

The boom was recently promoted as a Special in The Land with electric controls, hydraulic boom, pre mix tank, flush and hand wash tanks. The pre mix tank was seen as an ideal way to improve chemical handling and OH&S as the chemical is loaded at belly height – no more lifting drums and jugs above head height or climbing onto the frame to add chemical to the tank.

#### NOBILI MULCHER FOR THE STOKES FAMILY

John and Samantha Stokes chose a Nobili mulcher for their Duri farm's pasture and crop stubble mulching requirements.

The aim is to mulch the material without windrowing to aid in their farms soil management program. The mulcher will leave a fine layer on top of the soil to aid in moisture retention and assist in building up the soil organic matter levels, thereby increasing pasture production.

The BNG 230 from Nobili has a 2.3m cut with an adjustable rear door to control the degree of mulching or speed of cut in heavier conditions. The Y shaped flails provide good mulching of taller pasture grasses and pasture weeds, the side skids and rear swivelling wheels provide a good range of height adjustment.

#### A NEW LOADER FOR DAVID CAMERON'S TD80 TRACTOR

Dave & Mary Ann Cameron from Loomberah needed to reduce the time and cost of running their one loader tractor from Loomberah to their Dungowan farm where they have a New Holland TD80 hay tractor.

A Challenge AP35 Plus was chosen as the biggest loader available for the TD80D to give them as much lift as

they can get for stacking hay. The TD80 loader has been fitted with 3rd function hydraulics so that both tractors are fully interchangeable with each other and all of the loader implements they use around both farms.

Pictured is Dave Cameron with the new loader.

## New Holland's new Tractor Range

**T7 SWB**—From T7.170 at 125 Rated Hp  
to T7.210 at 165 Rated Hp

**T7 LWB**—From T7.220 at 167 Rated Hp  
to T7.270 at 228 Rated Hp

### **MORE PRODUCTIVITY AND POWER**

T7 tractors boast New Holland's cutting-edge ECO-Blue™ SCR technology for Tier 4A compliance. This means that the 6.7 litre Nef engine benefits from exceptional breathability for a significant performance advantage.

What do the numbers mean - Quite simply, it is on the bonnet.

The first two digits 'T7' refer to the tractor's category and the following three, for example '210', refer to the maximum Engine Horsepower under Engine Power Management.

What does that mean to you? You can buy your T7 safe in the knowledge that it will be able to cope with even the most demanding applications. New Holland for ultimate productivity peace of mind.

### **EXCEPTIONAL FUEL ECONOMY:**

The new Tier 4A Nef power units in T7 tractors go one stage further, with fuel use cut by up to 10% when compared to existing T7000 models.

With Three efficiency driven transmission options  
Range Command – Semi Powershift  
Power Command – Full Powershift  
Auto Command for the ultimate in CVT

Call into one of our branches for all the details on the new New Holland T7 range.

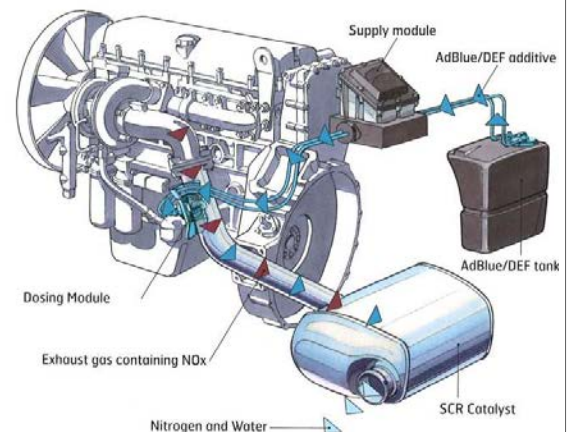

Peter Kenny & Glenn Furner at Goodwin Kenny Gunnedah with the new New Holland T7.185 and T8.330 tractors.

## ULTIMATE ENGINE BREATHABILITY

T7 tractors are powered by the very latest generation of Nef engines. Now with proven ECOBlue™ SCR technology, to meet the stringent Tier 4A emissions standards. This uses AdBlue® to transform the harmful nitrogen oxides contained in the exhaust gas into harmless water and nitrogen. This aftertreatment system is separate from the main engine which means only clean, fresh air is fed into the engine. What does this mean? Clean running power units with improved performance and enhanced fuel efficiency.

## NEW HOLLAND WRANGLER RALLY PROMOTION WINNERS

The Jeep Wrangler Rally promotion concluded on June 30th with all entries place in the draw with the winning entries randomly drawn.

New Holland is pleased to announce the tree winners of the Jeep Rally Promotion are:

### **Craig Wallis**

New Holland Dealership—Phillips Farm Machinery,  
Hamilton

### **Adrian Lees**

New Holland Dealership—GBC Motors,  
Mildura

### **Terry McGlew**

New Holland Dealership—McIntosh & Sons,  
Wongan Hills

All winners have now been contacted and will collect their prize from their New Holland dealership in the coming weeks.

Our congratulations to the winners.

## **sprayrite** CROP PROTECTION

Howard Sprayrite 600 litre Sprayer with 8 metre boom and 50 metre hose-reel and gun.

The 600 litre Expo Linkage sprayer is ideally suited to the compact range of tractors that are widely used in general farming activities.

Features include:

- ◆ Impact resistant polyethylene tank
- ◆ A pressure and bypass agitation system
- ◆ A Comet 65 L/Min diaphragm pump
- ◆ A 2 stage filtration process
- ◆ Integrated hand wash tank
- ◆ Galvanised booms

The only manual fold Boom on the market with dual nozzle protection system—nozzle bar and ground contact skid loop.

## MONTHLY WINNERS

Congratulations to our New Holland BEANIE Winners:

AJ & MJ Bell - Tamworth, Talawanta North P/Ship - Willow Tree, Llanillo Past Co - Dungowan

This month we have 3 NEW HOLLAND CAPS to give away - simply return your payment by Friday 26th August 2011, to go in the draw.

We would also remind customers that we accept Visa & MasterCard over the phone and Debit cards may be used at Tamworth and Gunnedah Branches, and all payments by these methods are included in the monthly prize draw.

Electronic/Internet Payments on the last day on the month cannot be allocated until the next day — it would assist us greatly if payments could be made prior to the last day of the month to allow receipting and allocation to accounts prior to Month End. ....thank you

For customers who use internet Banking, our bank account details are:  
**Commonwealth Bank      BSB: 062 602      Account Number: 00 272 029**  
Please use your account number, name or invoice number as a reference.

## JOKE OF THE MONTH

After being married for thirty years....a wife asked her husband to describe her. He looked at her slowly...then said, "You're A, B, C, D, E, F, G, H, I, J, K."

She asks..... "What does that mean?"

He said, "Adorable, Beautiful, Cute, Delightful, Elegant, Foxy, Gorgeous, Hot."

She smiled happily and said...."Oh, that's so lovely.... What about I, J, K?"

He said, "I'm Just Kidding!"

His eye is still swollen....but it will get better.....

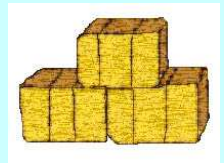

## DAVE'S SLASHING, HAYMAKING, ROCK/STICK PICKING AND RAKING

8' mulching slasher, cultivation, seeding large or small, modern equipment for round bales, small and large square bales.

Transport/Travel ok.

Phone **Dave** 0429 141271 or 6760 8550

## Just to keep you up to date:

### AGQUIP TIME AGAIN

Looking back at Agquip 1987 and the photo shows a group of men wearing Gumboots. I remember this Agquip well as I travelled to Gunnedah with Peter (this was before we married in September 1987 and before I started working with Goodwin Kenny in 1988). It was a very wet Agquip and the Italian Consulate had a site at Agquip and held a evening function onsite and presented Aub & Pat with plaques acknowledging 25 years as Fiat Dealers. Everybody in attendance was wearing Gumboots and the rain just poured down. (Pictured right: Brian Sommers—Fiat Area Manager, Jeff Hind—Managing Director Fiatagri Australia, Aub Goodwin, Pat Kenny, Italian Consulate delegate, Alan Millar—Fiat Area Manager.) I wonder what Agquip 2011 will bring weather-wise, a couple of inches of rain before then would be great. Anyway, call in and say hello at the New Holland Site QR/31-35.

### WEAN RACES

The 78th Wean Picnic Races were held on Saturday 9th July 2011 and we decided to have a "Girls Day Out" at the Races, so Jamie, Deb & I headed to Wean with family and friends for the day. It was a beautiful day and there was a good crowd. Over the course of the day we enjoyed our picnic lunch and a "cold drink" and "donated" some money to the Picnic Race Club and the onsite bookies. Jamie was the only "punter" amongst us who had a number of wins on the day...beginners luck, which ironically was the name of a horse that Jamie bet on and won!! It was a good day out for all with some laughter and good times shared.

Jamie Rutter, Chris & Deb Adams

Sharon & Lara Housden with Gina & Susan Goodwin

Susan enjoying a relaxing day.
