

**A T5040 FOR THE WESTONS** - John & Jenny Weston have been long term customers of Goodwin Kenny and have owned a number of New Holland Tractors so when it came time to upgrade their tractors for their farming and contracting business they discussed their needs with Goodwin Kenny Tamworth Salesman, Tony Housden, and decided to purchase a new New Holland T5040 tractor with Challenge AP35 Plus Front End Loader. The T5040 is 86 horsepower and will take the place of a New Holland TD80D with Front End Loader that John has traded. John & Jenny also decided to fit a new Challenge AP35 Plus Front End Loader to their other/newer New Holland TD80D tractor and have traded a New Holland TD60D with Challenge Front End Loader. Pictured are Con Smit, Tamworth Service Technician, John Weston and Levi Alley, Tamworth Service Technician.

**ECOBUE SCR TECHNOLOGY AT WALLABADAH** - Inglewood Wallabadah Pastoral Co have recently purchased a new New Holland T7.185 tractor fitted with a New Holland L4200 Front End Loader for their Wallabadah properties. The T7.185 features New Holland's Tier 4 ECOBlue SCR emissions controlled engine for exceptional fuel economy, 40km/h Eco version Range Command, 19 Forward x 6 Reverse Semi Powershift Transmission with Auto Road and Field modes to name a few. David Caslick sought 'Guidance' and received it in the form of a New Holland FM750 lightbar for his new T7.185. The FM750 will be invaluable during spraying and planting operations. Pictured left is David Caslick, Farm Manager, at delivery.

**TT75 UTILITY TRACTOR TO YARROWITCH** - Ian & Belinda Colwell of Oakhampton, Yarrowitch were looking for a utility tractor to assist with their farming duties such as slashing, fencing, feeding and sowing. Belinda spotted the Goodwin Kenny advertisement in the newspaper and suggested that Ian have a look at the TT75. After inspecting the tractor and discussing his requirements with Goodwin Kenny Tamworth Salesman, Tony Housden, the New Holland T75 with Challenge AP32 Plus Front End Loader was ordered. Pictured right at installation of the tractor are Susan Goodwin, Ian Colwell and Tamworth Service Technician Levi Alley.

**CHEPY PASTORAL TAKES DELIVERY OF TD95D** - Ashley & Leah Rees and family are pictured, left, at the recent delivery of their new New Holland TD95D Plus tractor. Delivered to their property at Chepy, Boggabri the tractor has an air-conditioned cab, FWA and 20x12 transmission and the tractor will become the ultimate 'All-Rounder' on the farm. Ashley & Leah decided on a Howard Quicke Q45 level lift front end loader with bucket and pallet forks to complete the package.

**ALCE MULCHER FOR PETER JACOB** - Peter Jacob chose a Howard Alce mulcher for his Loomberah farm's pasture crop stubble mulching requirements. The aim is to mulch the material without windrowing to aid in their farms soil management program. The mulcher will leave a fine layer on top of the soil to aid in moisture retention and assist in building up the soil organic matter levels, thereby increasing pasture production. Pictured right at delivery is Peter Jacob, Peter's father and Goodwin Kenny Salesman Tony Housden.

## DAKENAG POST HOLE DIGGERS

# Dakenag

Dakenag produce 3 models of the 3 point linkage post hole diggers; Little Rippa, Series 503 and Series 753. Jibs are made with ample adjustment to achieve the maximum depth hole required. The Little Rippa is designed and suited to compact tractors with a maximum of 25hp. The 503 is a heavy duty digger with a rating of 50hp and is well suited to general farm applications. The 753 is a 75hp rated digger that is more suited to the contractor and those wishing to use bigger tractors.

Augers are available in 6", 9", 12", 15" & 18".

### Series 503 and 753

#### Features:

- ◆ Heavy Duty Gear Box (50hp & 75hp) including slip clutch
- ◆ Heavy Duty Jib
- ◆ Augers are heavy duty, dual flighting with sleeved shaft
- ◆ Digs to 40" (1 metre)
- ◆ Standard, hard faced and tungsten teeth available
- ◆ Made for Australian conditions

*Series 753 In Stock at Tamworth with 12" Auger

## MONTHLY WINNERS

Congratulations to our New Holland Cap Winners:

PA & MS McDonald—Emerald Hill, Gabo Pastoral—Quirindi, C Morse—Boggabri

This month we have 3 NEW HOLLAND Caps to give away - simply return your payment by Friday 27th July 2012, to go in the draw.

We would also remind customers that we accept Visa & MasterCard over the phone and Debit cards may be used at all our Branches.

All payments by these methods are included in the monthly draw.

Electronic/Internet Payments on the last day of the month cannot be allocated until the next day - it would assist us greatly if payments could be made prior to the last day of the month to allow receipting and allocation to accounts prior to Month End.....thank you.

For customers that use Internet Banking, our bank account details are:

Commonwealth Bank

BSB: 062 602

Account Number : 00 272 029

Please use your account number, name or invoice number as a reference.

## JUST TO KEEP YOU UP TO DATE:

- As I have looked back at our staff records I am pleased to acknowledge some staff members who have been with us for many years—I think this goes unnoticed by us—as the Goodwins (Susan 24 Years) & the Kennys (Mark & Peter 33 Years) all seem to have been here for ages, but I would like to commend:  
Merv Leard—16 Years, Con Smit—28 Years, Keith McPhie—10 years, Ken Mack—12 Years and Glenn Furner—10 Years.

Merv Leard

Con Smit

Keith McPhie

Ken Mack

Glenn Furner

- Jim Vincent started his 57 year Spare Parts Career at the age of 15 when he was employed at Cornish's Tamworth. He worked there for 9 years, and this was followed by 25 years with Repco, then 4 years with Cox's Machinery Service. Jim was employed by Goodwin Kenny in November 1993 and he worked full time at Tamworth Branch for 13 years until deciding, in 2006, to 'kick back' a bit and spend 3 days a week at work, at Tamworth and Gunnedah branches for the next 6 years. Jim has decided to retire and will leave us on 18th July 2012. He has been a wealth of knowledge for Goodwin Kenny and I have commented to him that this is the 'end of an era'. So many customers tell me that if Jim or Ted (Sippel) were behind the counter they would know exactly what the customer wanted (before they asked!) and go to the shelf & get out the part without looking at the computer. We are grateful for Jim's expertise and dedication and wish him well in his retirement—we hope he and Marg enjoy their garden, travelling and the grandchildren. Best Wishes from all at Goodwin Kenny.

Susan Goodwin....
