

#### New Holland T8 and T9 4EWD

Recently New Holland held a dealer training session in Dubbo to bring sales staff up to date with the latest information on the New Holland T7, T8 and T9 tractor range. Peter Kenny and Tony Housden attended the hands-on training, crawling over and around the new tractors and then driving them, re-familiarising themselves with the operational advantages, the ease of operation and some of the little tips to get more from the technology that the operator has at hand (or in the case of the Sidewinder II Armrest versions - at Thumb!)

Call into Tamworth or Gunnedah branches for the latest information that might be the difference in your bottom line this year and talk to Tony or Peter or see us at Agquip.

#### New Holland T8 Series - Front Wheel Assist

5 Models

**T8.275** – Max Engine Hp 273, Rated Base Hp - 235

**T8.300** – Max Engine Hp 298, Rated Base Hp - 257

**T8.330** – Max Engine Hp 327, Rated Base Hp - 284

**T8.360** – Max Engine Hp 357, Rated Base Hp - 311

**T8.390** – Max Engine Hp 389, Rated Base Hp - 340

Filled with Technology to reduce operating costs

**Transmission** – Full Power-shift 18 forward speeds with 8 in the critical tillage range.

**Longest Wheelbase** in class, for better traction, stability & comfort both during heavy tillage and transport.

**Terraglide** Axle Suspension – for Comfort/Performance.

**Terralock** Full locking Diffs for traction and performance.

**Sidewinder II Armrest** – Easy tractor operation, all controls easy to hand, simple touch screen Intelliview 3 monitor screen on the armrest – reduced fatigue.

**Suspension Cab** with industry leading low noise level aids in reducing fatigue.

**GSM** – Ground Speed Management. At working speeds and travel speeds the Transmission will Automatically change revs and gear to maintain the ground speed you have set regardless of uneven ground and uneven draft loads.

This reduces fuel use and leaves the operator free to monitor what they are doing.

**Autoguidance Ready** – by adding the controller, your system will then be highly accurate and easy to operate with New Holland's fully integrated auto steer systems.

**High Performance Engines** with EPM (Power Bulge), Proportional EPM to save fuel, high torque at low revs Complies with Tier 4a Emissions control without modifying the engine – simple cooler running.

Ideal uses – Big Square Balers, Heavy Planting, Tillage.

#### New Holland T9 Series - 4 Equal Wheel Drive

6 Models

**T9.390** – Max Engine Hp 390, Rated Base Hp - 354

**T9.450** – Max Engine Hp 446, Rated Base Hp - 405

**T9.505** – Max Engine Hp 502, Rated Base Hp - 457

**T9.560** – Max Engine Hp 557, Rated Base Hp - 507

**T9.615** – Max Engine Hp 613, Rated Base Hp - 542

**T9.670** – Max Engine Hp 669, Rated Base Hp - 608

New Chassis Configurations

**Row Crop Chassis** - STANDARD FRAME applications:

Row Crop Tillage - 36.6 inches wide.

**High Horsepower Chassis** - WIDE FRAME applications:

Large Broad Acre Tillage - 44 inches wide.

Scraper models are available in both frames

- Increased in-built ballast and add on ballast options

- Better access for maintenance

- Bigger Axles to carry extra weight – some models

- Increased Articulation Pin size on Row Crop Chassis.

**Cab** - Designed for long hours on the job.

- Superior visibility to front with sculpted hood

- Improved visibility to drawbar

- Award-winning SideWinder™ II armrest

- 40° swivel seat, an industry first

- Active suspension seat

- Less noise in cab with Tier 4A engine.

**Transmission** – Full Power-shift - 18 forward speeds.

**Hydraulics** – High standard specification.

- High Flow 208 and 216litre /min flow

- 4, 6, or 8 remote valves (without 3 point hitch)

- 4 or 5 remotes can be ordered with 3 point hitch

**Fuel** - larger capacities for endurance.

**Autoguidance** and precision farming – all T9 tractors are ready for IntelliSteer™ with factory-installed components.

## taarup

We are pleased to advise that Goodwin Kenny has been appointed as a dealer for TAARUP and we will be able to provide Parts, Service and new Taarup products for the Tamworth and Gunnedah areas.

Taarup Rotary Hay Rakes are high quality and reliable with flexible raking options from 3.2m Single Rotary to 7.8m Twin Side and Centre Delivery Rakes. For high performance and flexibility Taarup Rakes will get your hay raked efficiently.

Call Tony Housden at Tamworth on 6765 5244 or Peter Kenny or Glenn Furner at Gunnedah on 6742 5777

## Twine is Twine is Twine ????

Cheap pallets over the phone or guaranteed New Holland quality twine for your end product. Your customer's satisfaction is worth more than the saving on cheap twine. Every broken bale is time wasted and a pain for you and your customer.

New Holland Small Square Bale Twine – with excellent break force (140kg) and Knot Force (75kg) made from only virgin UV stabilised Polypropylene, is specifically produced to ensure excellent hold and knotting through New Holland baler knotters.

Use of other twines can lead to increased wear in the knotters, the particular blend of New Holland twine is designed to give long life to knotter components.

Every time you change the brand of twine you should change the baler set up to suit the different twine, the twine tensioner needs to be reset otherwise you will have problems with knotting bales. Why go through all the hassle when New Holland supply a high quality twine with guaranteed uniformity and consistency throughout the ball.

Pallet buy 40 packs (80 balls) - \$78.40 inc GST per pack  
– a saving of **\$164.00 per pallet - August Only**

Round Baler – Black Net – RRP \$354.00 inc GST  
**Special for August only** – Single Roll Special \$340.00 inc GST  
Pallet Buy 16 Rolls = \$323.00 inc GST per Roll

### **Always See The Big Picture**

The Lone Ranger and Tonto went camping in the desert. After they got their tent all set up, both men fell sound asleep.

Some hours later, Tonto wakes the Lone Ranger and says, 'Kemo Sabe, look Towards sky, what you see?'

The Lone Ranger replies, 'I see millions of stars..'  
What that tell you?' asked Tonto.

The Lone Ranger ponders for a minute then says, 'Astronomically speaking, It tells me there are millions of galaxies and potentially billions of planets. Astrologically, it tells me that Saturn is in Leo. Time wise, it appears to be approximately a quarter Past three in the morning. Theologically, the Lord is all-powerful and we are small and insignificant. Meteorologically, it seems we will have a beautiful day tomorrow. What's it tell you, Tonto?'

"You dumber than buffalo shit. It means someone stole the tent."

### **Just to keep you up to date:**

I am sad to advise the passing of William Ludlow Chapman, better known as "Billy Chapman" or "Billy Walgett" as many New Holland Dealers called him.

Bill was a New Holland Dealer at Walgett running the business Walgett Tyre and Machinery Service for many years. From 1975 Bill was a Versatile Dealer and he came to know Aub Goodwin and Pat Kenny well though their mutual association with the Versatile tractor range and their attendance at Dealer meetings and overseas trips.

Bill recently sold the business at Walgett and retired, moving to Tamworth. Bill was enjoying his retirement playing Golf, attending Rotary and spending time with family and friends. I am so glad that Bill would occasionally find time to call in and have a chat at Goodwin Kenny, I enjoyed his company. Bill was one of Nature's Gentlemen and we extend our sympathies to his partner Susie and his family.

It is that time of year again –  
**AGQUIP 2013 is on 20<sup>th</sup>, 21<sup>st</sup> and 22<sup>nd</sup> August**  
**Visit us at the New Holland Site QR/31-35**

- Check out the New Holland range of Tractors – Large and Compact, Combine Harvester and Haymaking Equipment.
- Baler Technician on site.
- Discuss any New Holland product with our sales representatives and go into the prize draw.

Call in and have a cuppa and a chat – we look forward to seeing you there.

.....Susan Goodwin
