

Ready for the Field Days

In January of this year General Manager of Rural Press Events, Barry Harley, was looking for a tractor/loader machine for the Ag-Quip Field Day Site. After some investigations Barry settled on a New Holland TD5.110 Tractor with an AP35 Plus Front End Loader. The simplistic operation of the tractor was a key feature in the purchase as a number of operators will be using the machine for loading and unloading of machinery, spraying the sites and grass slashing. As the Ag-Quip Field Days draw near, the machine will be working to make sure the Field Day site is ready for the Exhibitors.

Pictured is Operations Site Logistics Manager, Sandy McIntosh, taking delivery of the new machine.

Island Home for this Boomer

Kiribati Oil Co has taken delivery of a New Holland Boomer 35 which has been supplied through a Tamworth based Fuel trailer manufacturer, Australian Fuelling Systems P/L for use on the island of Tarawa in the Central Pacific Ocean. The Boomer 35 has Turf tyres to reduce the damage to ground surfaces. The tractor, with standard gear shift, has been chosen for its ease of operation and being economical to buy and run.

Challenge for those Special Jobs

For the job of tidying up irrigation tail drains – Rob Rutter of Quirindi has chosen a 3m Challenge 3point linkage Grader Blade. With a number of other Drag Buckets, blades and an old road grader to shape and repair ditches and roads around the farm, Rob saw a need for a linkage blade that they could back up into the ends of drains for a tidy up/clean up grade. The Challenge G30 is a very robust blade with all the functions being fully hydraulic, angle, tilt and slew offset all operated from the tractor. Two rear mounted flotation tyres are adjustable for depth of cut. *Pictured are Rob Rutter and son Brady.*

THE ALL NEW TT4 RANGE - YOU DESERVE IT

New Holland has designed and developed the all new TT4 around you, for maximum comfort and productivity. With 55, 65 and 75 Hp on tap for responsive performance, distinctive styling and ergonomic operation.

The new TT4 comes with a host of exciting new features. Designed with the operator in mind, a flat deck platform provides easy entry and exit, and maximum operator comfort while you're in control. A brand new transmission, with a new dash mounted shuttle lever provides fast and convenient control for direction changes, while gear and range selection levers are comfortably located to either side of the operator's seat.

The standard transmission now offers a 12x12 design, featuring 3 ranges, with 4 synchromesh gears in each range. Add to that a powerful 54 Lpm pump as standard, plus a separate 29 Lpm steering pump, faster loader cycle times are guaranteed!

Lift capacity has been increased to a best in class 2500kgs repetitive lifting - no worries. Set the New Holland exclusive Liftomatic™ three point linkage control, and ensure equal and precise depth control. Call at Agquip or Goodwin Kenny for more information on this exciting new addition to the New Holland family.

BOOMLESS NOZZLE KIT

Attaches to your ATV rack & can run off your 12 volt pump

Eliminate the need for a spray boom on your ATV with the durable single sided boomless nozzle kit that provides an efficient spray to 3.7m.

- Can be set for spraying on either side depending on the type of coverage needed and type of pump used.

Boomless Nozzle Kit 1 Jet: Part No: M99 -74 \$179.00 inc GST

Boomless Nozzle Kit 2 Jet: Part No: M99 -75 \$229.00 inc GST

TIME TO GET YOUR SPRAYERS READY

Efficient filtration is an important component of every sprayer. Effective filtration will prevent blocked nozzles, reduce or inhibit pump wear and help reduce down time and expense due to repairs. Check your nozzles as they are prone to wear.

Nozzles which are worn will affect the success of your spray patterns. Silvan Selecta offers a choice of foot, suction, pressure line, nozzles and high volume irrigation filters to suit most applications.

SILVAN SELECTA CLEAN SPRAY

5 litre bottle of Clean Spray to pump through your sprayer to ensure all parts of your equipment that comes into contact with Chemical, can be flushed and cleaned. Cleans your spray tank, pump and spraylines. Ideal for boom sprayers, airblast sprayers, turbomisers and 12 volt sprayers. Clean Spray is a cleansing agent containing a corrosion inhibitor and is multimetal compatible. Used in conjunction with regular flushing, it enhances the cleaning process and protection of key components.

Part No: 071-6

\$119.00 inc GST

MONTHLY WINNERS Congratulations to our New Holland Beanie Winners:

F A & G T Klasen - Tamworth, Nandewar P/L - Boggabri, Karawill Park - Armidale

This month we have 3 **NEW HOLLAND BEANIES** to give away - simply return your payment by Monday 25th August, 2014 to go into the draw. We would also remind customers that we accept Visa & MasterCard over the phone and Debit cards may be used at all our Branches.

All payments by these methods are included in the monthly draw.

Electronic/Internet Payments on the last day of the month cannot be allocated until the next day - it would assist us greatly if payments could be made prior to the last day of the month to allow receipting and allocation to accounts prior to Month end.....thank you.

For customers that use Internet Banking, our bank account details are:

Commonwealth Bank

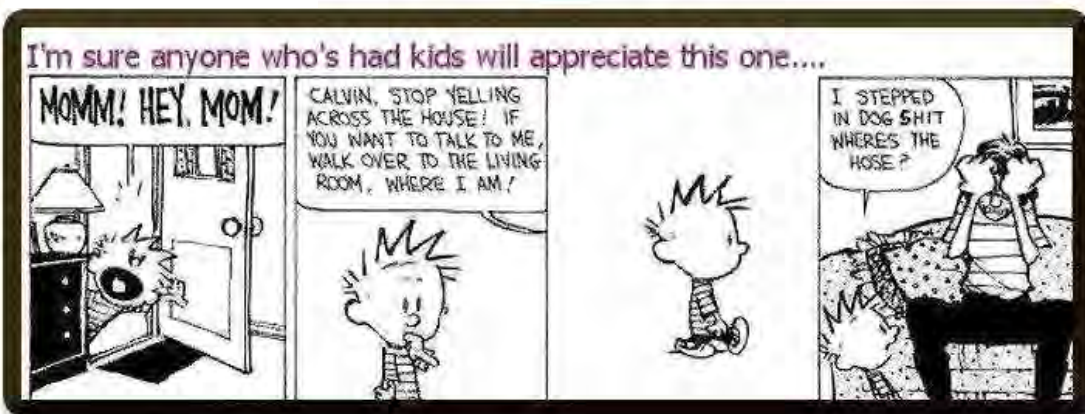

BSB: 062 602

Account Number : 00 272 029

Please use your account number, name or invoice number as a reference.

JOKE OF THE MONTH

Just to keep you up to date:

The **Australian Wool Fashion Awards** were held in Tamworth on Friday 18th July at the Tamworth Town Hall. I have always wanted to attend the awards when they were held in Armidale but never seemed to find the time, so when they were on in Tamworth I thought it was an ideal opportunity to attend. The event highlighted wool Fashion for School students and designers from across the country. We enjoyed a delicious 3 course meal prepared by Le Pruneau & Serena Café and Catering, accompanied by Why Worry Wines and New England Brewery ales from Uralla. Attending with me were local ladies Nola Mulligan and Jeanette Melville, and we shared a table with five Design/Tech teachers from Armidale & one student who were great company. Congrats to Jason Farr from Country Living and Liz Foster for their organisation of the evening—hopefully we will see a few more Tamworth people there next year and maybe a few more Tamworth designers - I must admit after the Fashion Parade I felt inspired to design and make a garment for next year—we will see how that works out!!

The **Wean Amateur Picnic Races** were held on Saturday 5th July and this year the Committee decided on a Fancy Dress theme of 1914 dress. This proved to be very popular and saw many ladies and gents dressed in the 1914 period costumes. I made my outfit for the day and was surprised and delighted when I won the Fashions in the Field Best 1914 Home Made Outfit. The committee could not have asked for better weather and the crowd of about 3000 enjoyed the racing, the picnic lunches, a few cold

drinks and catching up with many people from around the district. The Gunnedah Rural Museum also had a display of some older machines with Ian & Lyn Guest in attendance. Money raised on the day will go to support the Narrabri Rotary Club.

I hope to see you at Agquip and like many of you I am hoping for a decent fall of rain !!

....Susan Goodwin
