

LEON GOES TO TOP OF CLASS

Leon De Groot is pictured at the delivery of his latest piece of equipment, a new New Holland T6.140 tractor, New Holland's top of the range offering in this class of tractor.

The tractor comes complete with front axle suspension, cab suspension, "Auto Command" Continuously Variable Transmission and Sidewinder II Armrest for comfort and convenience as well as factory fitted "Intellisteer" Auto Guidance. It is rated at 112 engine horse power and capable of delivering up to 143 horse power with the New Holland engine management system. The "ECO Blue" SCR emissions control provides excellent fuel efficiency along with all the other good features that Leon has come to expect with

New Holland products.

A New Holland/Challenge L3900 front end loader,

again with suspension, completes the package for Leon's farming and haymaking operations. Leon traded one of his New Holland T6010 tractors.

BALER AND ACCUMULATOR UPDATE

Another new New Holland joins the fleet at Leon's Pork, Gunnedah. Leon has traded in the "older" of his two New Holland BC5070 baler and accumulator combinations and has taken delivery of a new New Holland BC5070 small square baler complete with Jadan 15 bale accumulator and bale grab. Leon will continue to run two baling plants to allow him greater flexibility between contracting and home farm baling. Leon is pictured with the new baler and accumulator at start up.

NEW HOLLAND 69 BALER GETS REPLACED

Pictured at delivery of his new New Holland BC5060 small square baler is Garry Day and Goodwin Kenny hay technician Merv Leard. Garry will use the new BC5060 baler in conjunction with a recently purchased New Holland H7230 mower conditioner in the haymaking operations on his property north of Aberdeen. The new baler will replace Garry's faithful old New Holland 69 baler which is getting a little past its use-by date.

LONG-TIME CUSTOMERS UPDATE AGAIN

Barry and Pam Miller at Shallamine, Niangala have been customers at Goodwin Kenny for many years. Our records show that Barry and Pam purchased a Fiat 500 which was delivered on 12th January 1973.

They also purchased a Fiat 70-66 DT S/F which was delivered in March 1990 and they still have this tractor today. On visiting the farm to appraise the tractor that was being traded, and it was not the Fiat 70-66, Tony Housden was intrigued to find the Fiat 70-66 tractor with low hours and in good condition after 25 years and was equally pleased to find the New Holland TT75 tractor that was being traded and which had been purchased in 2007 also in great condition.

Barry has been waiting patiently for the new New Holland TT4.75 to be released.

Why is that? - because the new TT4.75 has Forward - Reverse Shuttle & the flat floor.

These two features make operation much easier as we get older. Barry has chosen a New Holland/Challenge Front End Loader with pallet forks to make it a lot easier to lift things into place, like rails at the yards and also pick up a few rocks and soil/gravel without having to turn around to use the linkage bucket.

The 3rd function hydraulics will be used for a round bale grab in the future. The New Holland TT series has been very reliable for Barry requiring simple servicing. The 3year/3000 hour warranty also gives peace of mind. Barry is pictured at right, on a rainy day at Niangala, with the traded TT75 and his new TT4.75 with loader.

HOWARD HEAVY DUTY TO DO THE JOB

Charlie Schumacher of Tamworth needed a new slasher for his pasture renovation. Trying to optimise the time he spends slashing Charlie has chosen the Howard HD210 (7') for its true 7 foot cut, robust frame and heavy duty rear wheel frames. After Charlie compared a number of other machines around town, he came back to the Howard with its heavy construction, full galvanised finish and spring steel blade beam. Charlie (at right) is pictured with Goodwin Kenny Tamworth Salesman Tony Housden. For information on the full range of Howard slashers, call into or phone any of our branches.

HOWARD A tradition of excellence.

TIME TO SPRAY

Ron Jones of Balala Composting has purchased a new Silvan 800lt Pasture Pak boom spray, the machine will be used for general pasture and paddock spraying around the farm. This sprayer is fitted with the new style 8m Field boom from Silvan featuring a stronger design and higher build quality, nozzle protection and full galvanised coating for long life. A 2 sided 30lt foam marker will help with spraying accuracy. Pictured are Ron Jones and his son Paul.

Silvan

McHale 991BE Round Bale Wrapper

Excess feed in the paddock ??
Not sure about the weather ??
Why not bale and wrap that feed into high quality silage for feeding out during winter with a new McHale Round bale silage wrapper.

The 991BE is fully automatic, Self-loading and well proven over many years in the New England and North West.

MONTHLY WINNERS Congratulations to our New Holland Cap Winners:

Ciesiolka Nominees - Wee Waa, Whitmore Pastoral - Bithramere, JG Teege - Armidale

This month we have 3 **NEW HOLLAND CAPS** to give away -
simply return your payment by Wednesday 25th February, 2015 to go into the draw.
We would also remind customers that we accept Visa & MasterCard over the phone
and Debit cards may be used at all our Branches.

All payments by these methods are included in the monthly draw.

Electronic/Internet Payments on the last day of the month cannot be allocated until the next day -
it would assist us greatly if payments could be made prior to the last day of the month to allow receipting
and allocation to accounts prior to Month end.....thank you.

For customers that use Internet Banking, our bank account details are:

Commonwealth Bank

BSB: 062 602

Account Number : 00 272 029

Please use your account number, name or invoice number as a reference.

JOKE OF THE MONTH - 30 Pints Of Guinness!!! (Only the Irish)

I found myself in a pub in Cork. A group of American tourists came in. One of the Americans said, in a loud voice, "I hear you Irish think you are great drinkers. I bet 5,000 euros that no-one here can drink 30 pints of Guinness in 30 minutes."

The bar was silent, the American noticed one Irishman leaving, no-one took up the bet. 40 minutes later the Irishman who left returned and said "Hey Yank, is your wee bet still on?" "Sure" said the American, "30 pints in 30 minutes for a bet of 5,000 Euros."

"Grand," replied the Irishman, "so pour the pints and start the clock."

It was very close but the last drop was consumed with 2 seconds to spare.

"OK Yank, pay up." said the Irishman

"I'm happy to pay, here's your money" said the American.

"But tell me, when I first offered the wager I saw you leave. Where did you go?" The Irishman replied, "Well sir, 5,000 Euros is a lot of money to a man like me, so I went to the pub across the road to see if I could do it."

WALCHA SHOW 6th & 7th March 2015
Pavilion displays, Wool exhibits, Heifer Show,
Merino Sheep, Prime Lambs and more.....

Just to keep you up-to-date:

While I am not familiar with all that happens on Facebook, I know it is a wonderful source of amusement and information and I have yet to find the time to learn how to use it - Glenn Furner, our Gunnedah Salesman, sent me the snippet below and the image.....

"Amazing what people send you from Facebook, my daughter flicked me this showing Simon Hood (Lauravon Contractors) posing proudly in his "steel capped" thongs, with his newly acquired used New Holland T6010 FWA cab tractor recently traded from Leon's Pork, I heard on the grapevine that Simon was impressed with the attention to detail the workshop boys at Goodwin Kenny Gunnedah put into it, it looks like a new one. The Hood Family will be using the T6010 in their haymaking activities."

The rain that the local area has received since Christmas has been most welcome. We have certainly seen more movement in the Spare Parts and Service Departments. With this increased activity I have been lending a hand where needed as the "phones are ringing hot" and there are customers to be attended to in the Spare Parts department. I enjoy talking with our customers and have found that the time spent with them has provided an opportunity, not only to catch up on what they and their families are doing, but to get some feedback on their perception of how we are looking after them. I am pleased to say that while talking with you, our customers, I have received comments like "you have the best Spare Parts people in the business", "your staff are friendly and helpful" and "thank goodness you have the parts in stock—we need to bale today". While I know we don't get everything right these comments are great to hear especially at a time when we are busy, but more especially after we (customers and dealers) have had such a hard year. It is amazing what a difference a few inches of rain has made. Let us hope that the rain continues and spreads a little further throughout the north and northwest of New South Wales. We, at Goodwin Kenny, will continue to provide the best service possible and I ask myself "what can we do better?" If you have some thoughts on this please do not hesitate to call me or email me at sgoodwin@goodwinkenny.com.au - I would appreciate your comments.

**Just a reminder that we are open on Saturdays - at Tamworth from 9.00am to 12.00pm
- at Gunnedah from 8.30am to 11.30am**

I would also remind our readers that we can service your Fiat, Ford, New Holland and Case tractors, balers and mowers. Call Ken Hatton at Tamworth or David Pease at Gunnedah to book your Service. Our Spare Parts Departments are stocked up with Points, Discs, Sweeps and Harrows. Also, to get those weeds under control we have Silvan Spraying Equipment and Spares readily available.
The results of a "very important" study were emailed to me.....see these results in the box on the right — I hope you enjoy reading our latest update and please feel free to share it with your friends.

.....Susan Goodwin
