

#### Updated to a New Holland 313

Sam and Megan Clifton of Purlewaugh recently took delivery of a New Holland 313 Discbine Mower Conditioner, trading their New Holland 492 Mower Conditioner. The new Centre Pivot machine will make their own haymaking operation faster as well

as picking up the contract work in the surrounding area. Sam is pictured after Merv Leard installed the 313 and had it going in the field.

#### New Holland RB150 started this season

Dave & Malcolm Jones at Hawthorne, Binnaway purchased their new baler last November and unfortunately did not have any crop to bale. As the photo shows, this year they were pleased to be able to put the baler in the paddock when Hay Technician Merv Leard visited to carry out the start-up.

#### New Holland RB150 SUPERFEED to Edgeroi

Continuing with Rob and John Aitken's machinery upgrade program, they have purchased a New Holland RB150 Round Baler to complement their New Holland H7230 Mower purchased last year. The RB150 baler was put to work in a very heavy oats and Ford wheat crop with Rob proudly commenting on Facebook that he was getting up toward 2 bales per minute through the machine. The first paddock yielded 800+ heavy round bales and he was very happy with the weight and shape of the bales, also the fact that the crop was baled and stored before the next rain. Rob Aitken is pictured (right) with the baler.

#### Another New Holland baler for the Blakes

Kevin and Robyn Blake at Gunnedah, with their son Tim, have taken delivery of a new New Holland RB150 Superfeed Round Baler. The Blakes run a large contract Haymaking operation in the area, already owning a New Holland BB1290 Large Square Baler. With the large oat crops in the area, round bales are the order of the day for most contract jobs they have on the books.

Tamworth Technician Nathan Keel carried out a thorough install with the Blakes.

Tim Blake is pictured at left with the baler.

#### New Holland RB150 SUPERFEED to Rocky Glen

Chris Knox and Helen Alexander of Borah Station, Rocky Glen have taken delivery of a new New Holland RB150 Superfeed Round Baler. Chris and Helen run an Angus and Charolais Stud farm, make both silage and normal bales for their stock feed needs.

Pictured (right) Hay Technician, Nathan Keel from Tamworth, with Chris & Helen at the installation and start-up.

#### New Holland 313 to Toby Wilson at Wee Waa

With plenty of contract haymaking ahead of him throughout the North West Toby made the decision to trade his 16' (4.87mt) New Holland 1475 Sickle Bar Mower Conditioner on a New Holland 313 Discbine. The New Holland 313 Discbine (4 metre cut) is narrower and easier for road transport which was a key criteria in the decision, at the same time, this narrower width and increased ground speed for cutting with a Discbine will at least equal or better the acres cut per hour than the wider Sickle Bar it is replacing.

#### New Owners at Evergreen, Nemingha chose New Holland

Richard Tonkin and his wife, Josephine Kirchner, have taken the big step of buying an irrigated Lucerne farm at Nemingha and needed to purchase a full hay plant. The first two implements delivered have been the New Holland T4.115 tractor with a Challenge Front End Loader and a New Holland H7230 mower conditioner. This tractor will be the primary machine for mowing, raking, baling and stacking the small square bales Richard will be making. Also started up on the same day was a New Holland H7230 Discbine Mower Conditioner, 3.16m (10'4") cut, 2 point hitch, side pull and rubber conditioning rollers giving Richard a versatile mower conditioner suited to all common crops he might encounter. Pictured: Salesman - Tony Housden with Richard Tonkin.

## GOODWIN KENNY

Tractor & Farm Machinery Dealers since 1962.

**For all your Scheduled Services and Repair work on New Holland, Fiat, Ford, Case & Versatile Tractors, Balers and Haymaking equipment, Silvan Sprayers and all slashers - call our experienced team.**

**ARC RTA AIRCONDITIONING LICENCE AU1959**

Or post to **PO BOX 3488, WEST TAMWORTH 2340**

### A busy month for SIP Rakes

Again the seasonal conditions and big crops have seen a number of growers take delivery of Rotary Rakes for better and more efficient windrow preparation ahead of the baler. Barry Gould at Tambar Springs has taken a Farmliner 350-9, covering 3.5m it is a good entry level rotary rake. Alistair Yencken with farms at Manilla and Somerton and James Hyem at Carroll have both purchased the SIP Star 360/10 which is a professional series single rotary covering 3.6m with various adjustments to cope with any crop.

Mark Kenny with Barry Gould

James Hyem - New Holland TL80, SIP 360/10

Alistair Yencken and David Baillie

Rodney and Rose Harvey, new to the Loomberah district, have taken delivery of a SIP Star 600/20, a Twin rotor Side Delivery rake capable of raking 2 single rows or taking 2 rows into one. The Star 600/20T was in Rodney's opinion the most robust and best value he considered.

Rod Harvey - SIP 600/20

### Tedders

With big cereal crops in most districts, there has been some trouble getting crops dry enough to bale. We have sold a number of true Tedders which are very effective at

Craig Thomson - SIP Spider 455 Pro

spreading and turning the windrow out to the width of the Tedder from any size windrow for a more rapid dry down before using a traditional rake to pull it back into a windrow for baling. SIP Spider Pro models have been delivered to Ellis Watters at Curlewis with a 5.3m Spider 555 Pro and Craig Thomson at Boggabri has taken a 4.3m Spider 455 Pro.

Ellis and Bev Watters - SIP Spider 555 Pro

### Chris Paterson at Timbumburi chooses NOBILI

With the aim of improving soil organic matter and pasture topping without windrows Chris has purchased a Nobili BK320 Flail Mulcher. The BK320 is a 3.2m (10'6") cut machine mounted on wheels for stability and fitted with Y flails suitable to pasture work. Pictured at the delivery is Graeme Doubleday who will be operating the mulcher.

### SILVAN 800 Litre with Devil Boom

Pat Clarke at Bingara was looking to make spraying easier, more accurate and cost efficient. Pat has purchased a Silvan 800 litre sprayer with hydraulic fold Devil Boom and a Bravo 180s variable rate controller. This is a simple controller that varies the rate as ground speed changes. A hydraulic lift unit also gives the ability to lift the boom over an obstacle or gates without folding.

### RONDINI SPREADER to Niangala

Richard Balmain at Niangala had some smaller areas that needed fertiliser. Richard was after a robust but cost effective Twin Disc spreader. The galvanised Rondini SR950 fits the bill with a spreading width of up to 18m and a 900lt capacity which will just hold a 1tonne bag of Super. Richard is pictured after the Spreader had been installed with him at Tamworth branch.

## MONTHLY WINNERS Congratulations to our New Holland Cap Winners:

Pursehouse Farms - Breeza, Paul Blanch - Quirindi, T E & J Woodhouse - Piallaway

This month we have 3 NEW HOLLAND CAPS to give away - simply return your payment by **Friday 25th November 2016** to go into the draw.

We would also remind customers that we accept Visa & MasterCard over the phone & Debit cards may be used at all our Branches.

All payments by these methods are included in the monthly draw.

Electronic/Internet Payments on the last day of the month cannot be allocated until the next day - it would assist us greatly if payments could be made prior to the last day of the month to allow receipting and allocation to accounts prior to Month end.....thank you.

For Internet Banking, our bank account details are:

**Commonwealth Bank BSB: 062 602 Account Number 00 272 029**

**Please use your account number, name or invoice number as a reference.**

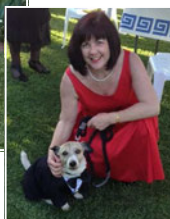

### Keeping you up-to-date:

**Tamworth Kangaroos AFL Presentation Night** was held on Saturday 7th October and, as usual, was a fun evening. Goodwin Kenny have sponsored the Roos for the last 14 years and I was pleased to attend a few games this year. The Roos were beaten in the Grand Final this year by Armidale Nomads and are now regrouping for next year. I presented the trophies for Best and Fairest to Winner Dan Leon and Runner-up Ben Mitchell (far right).

On Saturday 15th October our Receptionist **Kym Armstrong married Ben DeBrueker** in a lovely garden ceremony followed by a fun reception. A special attendee at the wedding was "Buster" who took his place beside Ben for the service and then entertained the guests at the Reception by bursting a chain of Balloons to music heralding Ben and Kym's entrance. Pictures from the wedding are Ben with his groomsmen, Ben and Kym with workmates Tony Housden, Jamie

Rutter, Susan Goodwin & Levi Alley. "Buster" and Susan; Jamie, Susan and Sharon Housden; Jamie's mum, Denise Rutter with Susan and Sharon Housden.

On Friday 21st October the **"For the Love of Art" Exhibition** was opened at the Tamworth Regional Gallery. This exhibition showcases over 160 works done by the students of Maria Henry and is on display at the Gallery until 21st November. Pictured at the opening with fellow artists: myself (Susan Goodwin), Mick Donaldson, Barry Cord, Simone Lewin, our teacher-Maria Henry, her husband & student Blagoj Ristevski & Fiona Little.

*Visit Goodwin Kenny Facebook page to see paintings*

Goodwin Kenny has been a proud sponsor of the **Tamworth Jockey Club** for the last 6 years and I was fortunate to squeeze a few hours off on Tuesday 1st November for the Melbourne Cup Race Day. We had a lovely day out in the Members' Stand with a scrumptious lunch catered by Corey's Catering and special attention by Kay Jeffrey at TJC. We even backed a few winners. Pictured at the TJC Rose Wall are Elaine Abberfield, Kate Cullen, Leasa Turner, Susan Goodwin, Doug and Cathy Neill, Barry and Jane Cord, Robert Taggart and Jeanette Melville.

...Susan Goodwin

I think I have an urge to get up and clean the house.  
Wait.....no.  
False alarm.
