

#### Fred Edwards updates to a New Holland TT4.75

For many years Fred Edwards, a retired building consultant and now part-time sculptor, has owned an old Massey Ferguson 65 and the tractor has given him good service slashing his small acreage. When told that repairs for the "old girl" were going to exceed its value Fred called into the Goodwin Kenny branch at Tamworth and inspected the New Holland TT4.75 tractor that was on display and decided it was time to update to a new tractor. The New Holland TT4.75 tractor will be used with his slasher and will make light work of the job.

Fred is pictured at delivery and installation with Luke Wiegold, our 2nd Year Mechanical Apprentice.

#### Murphy's Law

Wayne Simmons at Tamworth has owned a number of New Holland machines over the years and was thinking about changing his farming enterprise so he sold his old New Holland BC5060 Baler.

Then of course "Murphy's Law" applied itself following the rain and Wayne found himself with a crop to bale and no baler. As luck would have it, we had a New Holland BC5060 Baler in stock which we were able to set up with lights, swing kit and brackets for Wayne's accumulator in time for him to bale his crop. Wayne is pictured at left at the delivery and in paddock start-up of his new baler.

#### New Holland Machines in stock for your inspection -

The New Holland T6050 Plus tractor with Terraglide is now in stock with a tractor at Tamworth and Gunnedah branches as part of New Holland's **True Blue Loaded Plus Package** deal - talk to us about the savings on these tractors when fitted with a Challenge AP38S Plus Front End Loader with 2460mm 4in1 bucket and Hydro Ride.

Also in stock at present we have the New Holland TT4.75, New Holland TD5.100, New Holland TD5.110, New Holland T6020, New Holland T6070 and New Holland T7.175 tractors.

We have customers looking for good quality Used Tractors - so talk to us about updating your tractor.

**Utility Tractor – the Highly Versatile New Holland TT4.75 – In stock now.** Ideal as the main tractor on a small property or a runabout on a bigger place with 75hp, 4wd, 12 Forward x 12 Reverse transmission with Synchro Forward/Reverse Shuttle, rear hydraulic remotes, Standard with a ROPS frame and a white poly Sun Canopy and an option of a Challenge Front End Loader. **Do you want a cab without the big expense? Then the New Holland TD5.100 or TD5.110 are in stock.** These tractors are ideally suited to a small haymaking operation or a grazing property with limited farming for spraying, spreading, fencing and loader work all in the comfort of the cab. Call into our Tamworth or Gunnedah branches to inspect and test drive the New Holland TD5 series.

Goodwin Kenny has only one New Holland BC5060 Small Square baler in stock . This New Holland BC5060 baler could be yours with Pre-delivery and In-field Installation, LED lighting Package, Hydraulic Swing Kit, set up on farm within 50 kms Tamworth = **\$50,050.00 including GST (Floor stock unit only)** - this is the last available machine in Australia until July/August 2017.

**New Holland H7230 Side Pull Mower Conditioners** - we currently have one in stock, call us if you think you may need a machine during this season, we can appraise your trade.

**Heath Birchall of Duri** inspected the range of Bogballe Spreaders at Agquip last year and decided on a Bogballe L2 Plus - Calibrator Icon 2050 litre with E6-T Vanes, Hopper Cover and Radar/Wheel Speed Sensor. Heath is pictured with Service Manager, Ken Hatton, at the installation in Tamworth.

The Bogballe range of spreaders is ideal due in part to the high accuracy of its spreading pattern and the fact that they can spread accurately to wider widths than some other machines on the market. 3point linkage units most common to our area would include the L1 series - 1tonne, L2 series - 2 tonne and the M3 series - 3 tonne. Spreading widths can be from 12m right up to 42m depending on machine and the vane options available - this reduces your cost and time.

Larger capacity units are available in the range if you

have a tractor large enough to handle them. Bogballe have a range of methods of control from simple Hydraulic On and Off, simple to use variable rate control and right through to weigh cell units with full GPS and section control for field mapping applications. A simple L2 Plus with Hydraulic On/Off complete with Single lever operation Hopper Cover is \$13,200.00 including GST - **Stock Unit in Tamworth** - a great way to improve the efficiency of your spreading and therefore increase your profit.

### Silvan Sprayers prove popular as the weeds come out .....

**Jim and AJ Hunt from Niangala** needed a versatile sprayer for their property and decided a Silvan 600 litre Pasturepak with 6 metre boom would be ideal. Their worker, Mick Wall,

collected the sprayer from the Tamworth branch and is pictured with Goodwin Kenny Service Technician, Levi Alley as the sprayer was installed and the operator instructed in it's use.

**Colin Hoath from Tamworth** also took delivery of a new Silvan sprayer. Colin chose the 400 litre Pasturepak with an 8 metre boom. Service technician, Levi Alley, is pictured at right installing the sprayer with Colin. Speaking with Colin some days later he said the new Pasturepak was performing "much better" than his old sprayer, therefore being more efficient in the delivery of chemical and saving him time in the paddock.

**Kenneth Hansen at Loomberah** recently moved to the area from Croppa Creek. Ken ordered his new Jarrett REDBACK RB6-75 Slasher with single height wheel just before Christmas and it arrived last week, just in time to get some of the growth under control after the storms that we have been having. Ken is pictured at left at the installation of the slasher. The Jarrett Redback series of slashers feature a one piece body for easy cleaning, full length shoulder gussetts, hot dip galvanised body, strong headstock, Central & Offset mounting, bolt-on chains for safety. Available from 4' to 7' cut and in stock at Tamworth.

# GOODWIN KENNY For all your Spare Parts and great service from our experienced team

**David Hartmann**

## Use Genuine Filters

- Air Filter** Improves contamination encapsulation
- Air Filter** Sealed to hold and keep out contamination
- Air Filter** Cleans Air and Smooths Engine
- Fuel Filter** Keeps your engine working efficiently
- Cabin Filter** Absorbs odours

### 20 Litre Actifull OT

Formulated coolant to ensure high grade protection for new generation low emission engines. It can be used also for other engine types.

Part No: 73322488  
\$138.60 inc GST

### 20 Litre ECO-Power

Fully formulated heavy duty diesel and petrol engine coolant that offers improved protection from liner pitting, scale, aluminium corrosion and water pump seal leakage.

Part No: 87429510  
\$147.84 inc GST

Also available in 5 Litres - Part No: 73322487

Also available in 4 Litres - Part No: 87429509

## Chapin Pro XP Series General Purpose Hand Sprayers

*Suitable for insecticides, fertilisers, herbicides and cleaning products.*

- Equipped with Viton seals and gaskets
- 740mm corrosion resistant spray lance
- Supplied with three different nozzles: adjustable brass, adjustable plastic and flat fan plastic
- Surespray anti-clog filter in tank - Suitable for diesel

CP-26021 (7.6L) **\$119.00** CP-26031 (11.4L) **\$139.00**

### 16 Litre Rechargeable Backpack Sprayer

*Ideal for weed control, pest control and fertilisers around the house or farm.*

- UV stabilised polytuff tank
- Heavily padded adjustable shoulder straps
- Rechargeable 6 volt battery with charger - 15L/m open flow

**WP16-6 \$195.00**

**REMINDER: Nozzles DO NOT last forever** – they wear and put out an uneven pattern – 2 years is about the maximum time you will get from a low use boom spray – nozzles can also be worn out and need replacement after just a couple of weeks use depending on the chemical you are using. If you have non drip nozzle bodies you should also remove the cap and inspect the diaphragm, clean and reassemble.  
**PLEASE take the time to run your sprayer with clean water to make sure everything is correct BEFORE you put chemical into the tank.**

## TWINE, NET and PLASTIC WRAP in STOCK

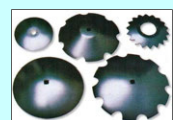

## POINTS and DISCS in STOCK

Scarifier, Combine, Trashworker, Chisel Plow Points, Sweeps, Discs for Connor Shea, Shearer, Jarrett, Davimac, IHC, Gyrat, Simplicity.

Talk to us about parts for IH 3-4 and IH 3-5 Disc Ploughs

\$3 Seniors

Under 16 Free

**Info: [www.kootingalmotorclub.com.au](http://www.kootingalmotorclub.com.au)**

**I'm out of order until further notice my batteries have**

**Run down and My "give a damn" is broke pending repairs**

**Keeping you up-to-date:** 2017 has certainly kicked along with the first four weeks being quite hectic in the Workshop and Spare Parts. We all know that farming does not stop just because it is Christmas or because Country Music is the topic of the day.

We have had a few ups and downs and one of those "downs" was probably felt more by the "fallen", being **Tony Housden**, our Tamworth Salesman, who fell off his push bike or as he likes to put it "dismounted from his bike at speed" (believed to be 45kph) on Saturday 14th January while pedalling with a group of like-minded males (MAMILS - Middle Aged Men In Lycra) just outside Tamworth. Keeping fit is great, but in this case it has certainly done some damage with Tony being air-lifted to Royal North Shore Hospital and having surgery the next day on his broken hand and injured face. After being moved from ICU to the Spinal Ward we now know that Tony will not be having surgery on his spine but the doctors have decided to let it fuse - so he has been moved to Hornsby for rehab for some weeks and hopefully then will return to Tamworth to rehabilitate at home for some time. I received an email from him this morning and then a phone call to tell me it is very hard to type when lying flat and having the keyboard above his head - that could explain some of the spelling mistakes. **We wish him well in his recovery.**

In the meantime please do not hesitate to contact me if you have a machine inquiry and I will do my best to help you (with the assistance of the Service and Parts team at Tamworth and Peter Kenny at Gunnedah).

The local Show circuit is being advertised and Goodwin Kenny have been long time supporters of the Walcha and Tamworth Shows in varying capacities. **Walcha Show** will again have a range of events over 17th and 18th March and unfortunately due to a family commitment it looks like I will not be able to attend again this year. It has been many years since I last went to a Walcha Show but I do remember it as a picturesque and charming event and with a milder temperature and was a great day out - hopefully next year I will get there.

**Tamworth Show** is on 24th and 25th March and I would like to draw your attention to the Pavilion exhibits and entries. The committee that organises this display does so much hard work and it is well worth a visit to see the Sewing, Cookery, Photography, Gardening, Farm Produce, Handicrafts, Knitting & Crocheting, Leadlight & Glass and Art on display as shown in the photos from last year's show.

This Year the Show Committee have introduced a new section to the Art Show - a Portrait section for paintings of local personalities and they are hoping for many entries - surely there will be one or two of our local politicians and local business people!! I am sure the entries will compare favourably with the Archibald's !!! ..... So I best get busy painting if I am going to enter this one! Entry Forms and schedules are available from the Tamworth P & A Show website [www.tamworthshow.com.au](http://www.tamworthshow.com.au) or follow them on Facebook.

We have seen a number of **Clearing Sales** over the last few months and we get quite a bit of inquiry leading up to those sales especially when there is a New Holland tractor with a front end loader listed. After going through the specifications and gauging a price for the prospective customer I know many of them will be disappointed at the Sale - there can only be one successful bidder and then when I see some of the prices paid at the sales I wonder if these customers should consider purchasing a new tractor, baler, mower conditioner or rake as the Interest Rates offered by CNH Industrial Capital Finance are so low at present and with a new machine there is Warranty varying from 12 months to 3 years depending on the type of machine.

...Susan Goodwin
