

### Ian said the old Fiat was in the dam !!

And that was part of the conversation when Ian Crawford called Susan Goodwin when he was looking for a good Used 120 to 150 Horsepower tractor. As these tractors are in short supply across the state, and possibly the nation, Susan suggested to Ian that he might consider a new tractor. Once Ian's requirements and farming practice were discussed with Peter Kenny he was quoted a New Holland T6050 LS tractor (126 horsepower) with Challenge AP38S Plus Front End Loader and 2460mm 4 in 1 Bucket. With specs and pricing sorted Ian and Hannah decided to take advantage of CNH Industrial Capital's competitive Finance rate. Ian is pictured, at right, when his tractor was delivered and installed on farm at Mt Arlington, Walcha.

### Some more "horsepower" delivered to Wean

Colin Hulm from Gunnedah recently took delivery of a New Holland TD5.110 Tractor. Colin was looking for a basic, no frills tractor to do general maintenance and slashing on a leased property at Wean. The TD5.110 tractor fits the bill perfectly and with a Challenge AP35S Plus Front End Loader, 2160mm 4 in 1 Bucket and pallet forks, will be a versatile machine. Colin also took advantage of the CNH Industrial Capital low interest rates and tailor made finance package. Colin is pictured at installation and delivery on a rainy day.

### "That's Gold" was the verdict at Mullaley

Peter and Sandy Weinthal from Mullaley took delivery of a New Holland T6070 LS Front Wheel Assist Tractor and their farm worker/tractor operator, Richard Draper, gave the tractor his "stamp of approval" with a "that's gold" thumbs up. The LS tractor is a low profile machine ideally suited for shed work. The tractor has been fitted with a Challenge AP38S Plus Loader Package with 2160mm 4 in 1 Bucket and Hay Spikes and Backrest. This machine will be used in general farm activities. Peter and Sandy also chose to use CNH Industrial Capital's competitive Finance and also the Extended Service Package for peace of mind warranty. Pictured at the delivery and installation are Peter Weinthal, Richard Draper and Peter Kenny.

### Simplicity Air Cart Update at Manilla

In 2003 the Bowman Family from Manilla decided to adopt a zero till approach to their planting operations. They contacted the

Gunnedah Branch and after speaking with Peter Kenny the Bowmans converted their John Shearer Trashworker to a zero till planter with points and presswheels and a Simplicity 3000 Trailed Rear Air Seeder completed the rig. Tom Bowman recently upgraded that air cart to a larger 4,500 Litre unit with a small seeds box for greater capacity while planting, trading the 3,000 litre machine. Tom is pictured at the delivery and set-up of the new machine with some rain on the horizon. Goodwin Kenny have the ability to help growers convert their existing machines to zero till planters for a fraction of the cost, so call Peter Kenny to discuss your planting needs.

Peter Kenny recently attended New Holland's Annual Dealer Conference in Melbourne and also three days of Product Training. He is pictured with New Holland's Ben Mitchell being presented with a plaque in recognition of Goodwin Kenny's 55 years as a Dealer.

### Team update:

Hamparsum Investments took delivery of their New Holland T8.410 Smart Trax in December last year. The team at Drayton were very busy at this time so a full installation was organised for a later date. Goodwin Kenny's Peter Kenny and Levi Alley along with New Holland's Ben Mitchell and Leon Wise travelled to the property this week to carry out the induction in machine operation and safety. Pictured are the machine operators with John Hamparsum (centre) and Goodwin Kenny Service Technician, Levi Alley (far right).

### FARM SAFETY - QUAD SAFETY

Recent news about three deaths associated with Quad Bikes are of great concern to the farming community. One of our long time customers, John Begg, from Blandford was the most recent death reported on 13th March. A 6 year old was tragically killed at Narrabri and a 60 year old man at Bathurst. Between 2011 and 2016 there has been 109 deaths associated with four-wheeler motorcycles. The NSW Government has grants available to farmers to purchase helmets and other safety equipment and has doubled rebates recently in light of these accidents. **For information about rebates go to: [www.safework.nsw.gov.au](http://www.safework.nsw.gov.au) Or [www.nswfarmers.org.au/nsw-quad-bike-safety-improvement-program](http://www.nswfarmers.org.au/nsw-quad-bike-safety-improvement-program)**

**Martin Powell** at Loomberah recently decided to update his sprayer to a Silvan 800 Litre Pasturepak with 10 metre Devil boom, double sided Foam marker and Electric Control.

This new unit is very similar to the one Martin has owned and operated for a number of years and has now traded, but Martin felt it was time to have a new sprayer on the farm and it will give him good service into the future. Martin is pictured with the new Silvan sprayer when it was installed on his property.

**Ron Watts** is pictured with his new Jarrett 6' REDBACK slasher which he purchased last month. Ron decided he needed a new slasher to keep the pasture under control in a timely manner.

The Jarrett REDBACK slashers offer strength and flexibility as they can be offset by moving the headstock and refastening bolts. Ron had the slasher set up in the offset position to allow him to get closer to his fence lines. In stock at Tamworth we have 5', 6' and 7' Jarrett Redback slashers.

**Keeping you up-to-date:** I am going to borrow a saying from Forrest Gump - "My Mom always said life was like a box of chocolates. You never know what you're gonna get" - well the month of March was like that - at times very tasty and sweet, and at other times not quite so enjoyable.

**IWD - International Women's Day** was celebrated on 8th March and it was pleasing to see New Holland get behind this day and showcase many rural women and the staff at New Holland Dealerships by inviting them to post photos on the New Holland Facebook page. This resulted in some great photos of rural women doing their "jobs" on the farm using their tractors and highlighted their prowess in the field. A number of the ladies were rewarded with New Holland Polo Shirts.

I also posted a photo on the day of Jamie Rutter, myself and Kym Armstrong and "tagged" it as the "engine room" at Goodwin Kenny which resulted in a few comments.

Also, as part of the celebrations on IWD, I was a guest of the Commonwealth Bank at the local **Tamworth Savvy Birds** evening held at the Tamworth Town Hall on Friday 10th March with Guest Speaker Edwina Bartholomew delighting the large crowd with tales of her travels and personal life. I had a quick chat with Edwina about the farm she and her partner have purchased at Mudgee and her need for a Tractor. Also speaking at the forum were local ladies Helen Tickle - Tamworth Deputy Mayor, Anna Davis - Downtown Magazine and Sally Dickinson - Chair of Women in Cotton (Wincott).

**Wedding at Maleny** One of the highlights of the month was the wedding of my beautiful niece, Kate Lillyman to Scott Kafer. The wedding was held on Saturday 18th March at Tiffany's at Maleny with most of our family in attendance. The Glasshouse Mountains provided a scenic backdrop to a wonderful day. Pictured: Kate - looking stunning, Scott and Kate with her parents Les & Lesley Lillyman of Moree,

myself with my great-nephew Hugo Lillyman and myself with Kate after catching the bouquet!  
(I think it was a set-up after I had encouraged some of Kate's younger single cousins to compete with the Bridesmaids!)
