## NEWSLETTER

JULY 2017

### New Holland TD5.75 to Water NSW at Chaffey Dam

Ian Ladbrooke is looking very pleased with the delivery of a new tractor to Chaffey Dam. The New Holland TD5.75 cab tractor was chosen to replace a ROPS model tractor to provide their operators with a better operator environment, sun safety and air conditioned comfort at Water NSW. The tractor has been fitted with a New Holland/Challenge AP35 Plus front end loader with 4 in 1 Bucket and 2160 mm Bull Blade with Reversible Root Rake and Pallet Forks. The tractor will be used for slashing and general maintenance duties around the dam.

### New Holland TT4.75 - a versatile option for the Steinbecks

Geoff and Cass Steinbeck were looking for an additional tractor for their operation at Dungowan. They wanted a simple tractor that could be used for loading/unloading hay as well as some of the general farm work. The New Holland TT4.75 is 75 horsepower with 12 x 12 Synchro Shuttle transmission. The tractor was fitted with a New Holland/Challenge AP32 Plus front end loader with 1860 mm 4 in 1 Bucket, Bale Grab and Pallet Forks. New Holland had some EOFY Specials, this tractor had a bonus 0.95% Finance Rate that the Steinbecks were able to take advantage of making the purchase through CNH Industrial Finance a very attractive option. Pictured at the delivery installation is Nathan Steinbeck.

New Holland recently held some "Know Your Baler Days" around the country, the one "closest to home" for us was held at Dubbo Turf Club on 14th and 15th June. Our Hay Technician, Nathan Keel, attended the

Large Square Baler Day to catch up with New Holland Baler Specialists (including Ross Aylwin who conducted some of the training) and discuss the latest features and technology along with some customers from our area and also the Dubbo area.

Now is the time to plan your next haymaking season - Stock of New Holland BC5060 Small Square Balers and RB150 Round Balers, H7230 and 313 Mower Conditioners arriving soon.

Spotted on the Highway heading towards Manilla, for the Manilla Vintage Machine Rally on 10th and 11th June, and posted on Facebook by former employee (now New Holland specialist) Ross Aylwin, also shared with us by Leah Leard, Merv's daughter.

### New ownership at JANKE

Michael Pearson and Peter Kenny are pictured at Goodwin Kenny, Gunnedah branch when Michael called in to introduce himself and put up some new signage. Downs Sheet Metal, better known as DSM Toolboxes, have purchased Janke. DSM is a multi tiered manufacturing entity servicing the industries of Energy, Mining, Defence and now Agriculture. Michael is the Director/Owner of the company and has had a long association with the industry and is looking forward to taking Janke forward in Agriculture. Goodwin Kenny has had a long association with the Janke product and we stock spare parts at our Gunnedah branch.

## GOODWIN KENNY

Tractor & Farm Machinery Dealers since 1962.

**For all your Scheduled Services and Repair work on New Holland, Fiat, Ford, Case & Versatile Tractors, Balers and Haymaking equipment, Silvan Sprayers and all slashers - call our experienced team.**

With a few showers about there has been some buyers looking for **Sprayers, Spreaders, Slashers and Discs**. Geoff Green of Warral (pictured at right) chose a Silvan 600 litre Pasturepak 3pl Sprayer with 8 metre Field boom. Geoff also had a double sided Foam Marker and Fenceline Kit fitted prior to taking delivery of the Sprayer.

Warren Hoad of Dungowan (pictured at left) decided it was time for a new spreader and chose a PL-500 poly hopper which has 345 litre capacity.

A new 6' slasher was the order for Ted and Robyn Barton of Tamworth. The Jarrett REDBACK RB6-75 was chosen to work with Ted's New Holland tractor for some pasture slashing. Pictured at installation were Robyn and Ted with dog, Meg, giving the slasher a close inspection.

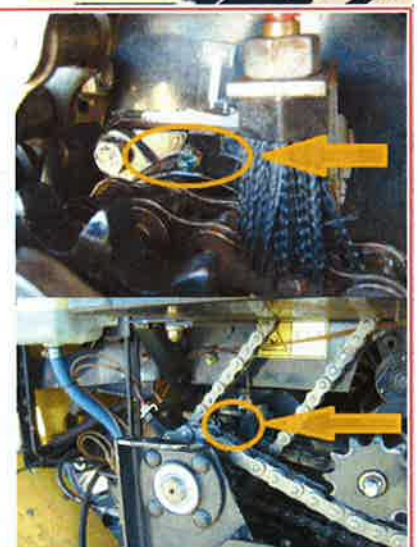

**Murray Agricultural Equipment** released a series of Discs last year. Steven Clarke has recently moved to the Tintinhull area and was looking for a small set of discs to do some work at the property. Steven opted for a 20 disc unit with 22" scalloped discs which has coverage of 2.28 metres or 7'6". The power requirement for this unit is 40 to 65 horsepower and it weighs 552 kilograms. Steven also ordered a scraper set and a centre tyne assembly and is pictured at Tamworth collecting his discs. Murray Agricultural also offer a 16 disc option.

### *New Holland Round Baler Maintenance Have you seen this Grease Nipple ??*

In a previous edition of our Newsletter we printed this information. Following the passing of Merv Leard, our Hay Technician, we thought it timely to issue this reminder. Merv had been to two balers because this little grease nipple was neglected. One baler caught fire and almost burnt out when the bearing destroyed itself, grabbed the shaft and then proceeded to destroy the housing and then bent the drive shaft. This bearing is hidden away a little and is not prominent, and is not greased by the capillary system. **It should be greased by hand every eight (8) hours/daily.** Please take the time to re-read the maintenance section of the Operators Manual and ensure you have greased, lubed and adjusted all the critical operating points on your baler. If you are not sure about an aspect of your baler's maintenance or excess wear in a part, please call Nathan Keel.

**MONTHLY WINNERS** Congratulations to our New Holland Beanie winners -

R & N Battle - Piallamore, Kemp Partnership - Boggabri, R J Mason - Armidale  
 This month we have 3 NEW HOLLAND BEANIES to give away - simply return your payment by Tuesday 25th July 2017 to go into the draw. We would also remind customers that we accept Visa & MasterCard over the phone & Debit cards may be used at all our Branches. All payments by these methods are included in the monthly draw. Electronic/Internet Payments on the last day of the month cannot be allocated until the next day - it would assist us greatly if payments could be made prior to the last day of the month to allow receipting and allocation to accounts prior to Month end...thank you.

For Account Enquiries email: [accounts@goodwinkenny.com.au](mailto:accounts@goodwinkenny.com.au)

**JOKE OF THE MONTH**

A magician was working on a cruise ship in the Caribbean. The audience would be different each week so the magician allowed himself to do the same tricks over and over again. There was only one problem: the Captain's parrot saw the shows each week and began to understand how the magician did every trick. Once he understood the parrot started shouting in the middle of the show, "Look, it's not the same hat," or "Look, he is hiding the flowers under the table." The magician was furious but couldn't do anything; it was, after all, the Captain's parrot. One day the ship had an accident and sank. The magician found himself on a piece of wood in the middle of the ocean with the parrot. They stared at each other with hate, but did not utter a word. This went on for a day and then another and another. After a week the parrot said, "OK, I give up. Where's the boat?"

**Keeping you up-to-date:** I love that some of our customers are very passionate about their New Holland machinery. Recently Neville Bromage brought this quilt into the office to show me. The quilt was given to him as a Birthday present and made by a family member and it looks fabulous. I have since done some research for all you quilters and sewers out there and you can purchase the New Holland fabric in a number of different designs online from [onestopfabricshop.com.au](http://onestopfabricshop.com.au).

Some photos from the recent **Sunrise Rotary Club Monte Carlo Ball** - a great night out raising money for local charities. Pictured: the "Girls" - Cathy Neill, Fiona Little, Susan Goodwin & Alison Rumble, and the "Boys" - Doug Neill, Sean O'Sullivan, Rob Taggart, Steve Prosser, Pete Duncan, Roger Rumble.

At Ladies Day Races at Tamworth Jockey Club on Saturday 24th June were Simone Lewin, Maria Henry, Cathy Neill, myself and Kate Cullen. The winner of Race 4 - the Goodwin Kenny Maiden Handicap was Secret Pedrille being presented after the race with Tamworth Jockey Club Committee Member & Treasurer Barry Burnett. Thank you to TJC Committee, Kay Jeffrey and Amie Simpson, for another well run event with over 200 ladies in attendance in the Function Room for a delicious lunch prepared by Corey's Catering.

**Frost Over Barraba Arts Festival** was held on 29th June to 2nd July and some of our Art class visited the Exhibition on Sunday and were delighted to find that we had been recognised and had sold some paintings. Kate Cullen and myself both sold one of our Miniatures, Blagoj Ristevski received a 1st Place in the Open Section, and Elaine Abberfield received a Highly Commended in the Oil/Acrylic Section and sold her "Winter Freeze", Blagoj (pictured with wife and teacher Maria Henry) received a Highly Commended for his "Still Life with Quinces" in the Oil/Acrylic Section and this later sold online. I also received a Highly Commended in the Novice Section for my painting "Homecoming". We had a wonderful day shopping at Babes In The Bush, Polkadot Boutique and Café, Merlene's Fine Fibres, the Fuller Gallery and enjoyed lunch and afternoon tea with some lovely Barraba hospitality. Congratulations to the new committee for getting Frost Over Barraba back on the calendar.

Finally, I would like say "Thank You" to our staff, customers and suppliers for their support following Merv Leard's passing in May. Please be assured we will continue to provide the best service possible for all your haymaking equipment. ...Susan Goodwin
