

#### Another New Holland TD tractor for Leo & Judy Blanch

Last year Leo and Judy Blanch of Westvale, Wollun purchased a New Holland TD5.100 and Leo has been so happy with the tractor and the service he has received from Goodwin Kenny that when it came time to replace his rouseabout tractor, a Massey Ferguson 168, Leo called Susan and she was able to source a New Holland TD5.75 tractor with Challenge AP35 Plus front end loader with 4 in 1 bucket and large square bale spike.

The TD5.75 Tractor has 75 horsepower and is very similar to Leo's other TD tractor.

It was lovely to have Leo visit the Tamworth office, in between his busy shearing and travel schedule, and Susan was able to get him to pose for a photo (above) which was used in some of our local advertising. Pictured (left) at the on farm delivery and installation are employees and machine operators Scott Matthews and Brad Thorpe who were pleased with this latest update, although Leo told us it is "his tractor".

#### New Holland 313 Mower Conditioner to Somerton

Bob and Vickie Chaffey, Donggala Pastoral with Peter and Trish Norris, Norris Partnership have updated their New Holland 1431 Mower Conditioner to a New Holland 313 Discbine. The 313 mower is a Discbine with 8 discs, Chevron Rubber Rollers, 2 point swivel hitch and has a cutting width of 4.0 metres. Pictured at the delivery and in paddock start-up are Bob and Vickie Chaffey.

**Agquip 2017** has come and gone, with New Holland having a full range of equipment on display. Enquiry was strong over the three days on all models of tractors and haymaking equipment with nine confirmed retail sales on site through the dealer network.

New Holland's feature was the fully Autonomous T8 SmartTrax machine on display focusing on the future direction of farming around the world.

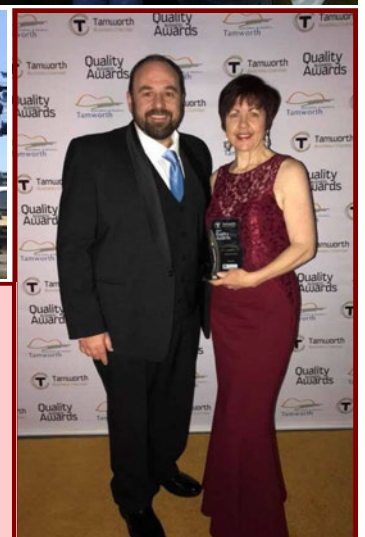

FPT (Fiat Powertrain Technologies) had generators and irrigation engine

power packs on display with the intent on bringing a full range of the equipment to Australia. CNH Industrial Capital are still offering great interest rates that can be tailor made to suit your needs, so call for a quote. Peter Kenny found time for celebrity photos with Johanna Griggs and Jason Hodges from

**Better Homes and Gardens** who did some filming on the site. If you did not get to Agquip - we have a range of tractors and haymaking equipment at Tamworth & Gunnedah.

**Tamworth Business Chamber 2017 Quality Business Awards** - Goodwin Kenny was very proud to receive another award - see full report on page 4

### Kronos delivery at Gunnedah

Tim Gavin, Gavin Farming, Gabo at Gunnedah recently took delivery of a new 8.0 metre Kronos cotton mulcher for his farming operation.

His current machine, also a Kronos, has served faithfully for a lot of years but its "Use by date" was fast approaching, so Tim had no hesitation in ordering the same machine.

The Kronos mulchers are imported by Inlon Pty Ltd and some machines are "Factory Forward Order", as was the case with this machine. Inlon have

just released their Forward Order Program for the Kronos range of mulchers for the next season, so now is the time to secure your machine for next year.

### Jarrett REDBACK Slasher to Somerton

Bob and Vickie Chaffey, Donggala Past have taken delivery of a Jarrett RB7-100 7' slasher recently. The slasher was chosen for its robust build and clean deck.

The RB7-100 slasher has a 100 horsepower Gearbox, chains on the front and rubber on the rear for safety and can be easily offset for slashing close to fences and buildings. Pictured at delivery are Bob and Vickie Chaffey.

**It is time to think about your haymaking for this Season - we have stocks of new Balers, Mower**

**Conditioners and Rakes - and some good quality trade machines coming in.**

**Tony Housden**  
is back in the office on  
**Monday, Wednesday and Friday from 8.30am to 11.30am**

### New Holland 1411 Disc Mower Drive Shaft Coming Loose

While servicing the New Holland 1411 disc mowers we have found that from serial no: Y6B160626 onwards these units can experience the PTO drive shaft coming loose on the gearbox input shaft.

The PTO shaft with the slip clutch fitted as part of the shaft (1) has a single cotter pin/bolt in the hub (3) which locks the shaft assembly onto the gearbox (2) input shaft (4). We have found that in some cases the cotter pin/bolt is working loose and allowing the hub (3) to move on the shaft (4) and cause excessive wear to the splines.

As a result we recommend to owners of these units that they check the cotter/pin bolt for any movement on a regular basis and replace with a new pin (no 86625865) if necessary. If the splines have worn they will need to be replaced to prevent PTO shaft/gearbox failure.

## MONTHLY WINNERS Congratulations to our New Holland Beanie winners - PS & RM McRae - Duri, B Skerrett - Kootingal, J Wiseman - Attunga

This month we have 3 NEW HOLLAND CAPS to give away - simply return your payment by Monday 25th September 2017 to go into the draw.  
 We would also remind customers that we accept Visa & MasterCard over the phone & Debit cards may be used at all our Branches. All payments by these methods are included in the monthly draw. Electronic/Internet Payments on the last day of the month cannot be allocated until the next day - it would assist us greatly if payments could be made prior to the last day of the month to allow receipting and allocation to accounts prior to Month end.  
**For Account Enquiries email: [accounts@goodwinkenny.com.au](mailto:accounts@goodwinkenny.com.au)**

## JOKE OF THE MONTH

## Keeping you up-to-date:

Was there anybody in Walcha last Saturday? I think at least half of Walcha was at the Rugby Grand Final at Tamworth! And the winner was Rugby! I saw two great games of Rugby with Moree defeating Narrabri in the Reserve Grade and a very close game in the First Grade with Pirates coming out on top by 1 point over Walcha. Congrats to the Walcha team - inspired Rugby - it had me jumping up and down in the stands! A wonderful afternoon.

## QUALITY BUSINESS AWARDS WINNERS ADVERTISING FEATURE

# Company leads the field

### GOODWIN KENNY

FOR 55 years Goodwin Kenny has been selling and servicing tractors and agricultural machinery in the New England and north west and has been committed to providing a valuable service to the farming community.

Susan Goodwin and the staff at Goodwin Kenny were proud to be announced on the night as the winner of the excellence in workplace health and safety award.

Susan said in their own workplace there was a need for personal protective equipment, safe lifting practices, the right use of chemicals and OH&S practices.

Goodwin Kenny carries out service work in their workshop and also on farms and Council sites.

"We deliver new and used equipment to customers and recognise there is a need to ensure that machines are kept in good condition and that operators are well informed about the safe operation and use of their machinery," Susan said.

Goodwin Kenny try to keep their customers informed about safety procedures and

**ACHIEVEMENT:** John Ringland from Safework NSW with Susan Goodwin of Goodwin Kenny, which won the excellence in workplace health and safety award.

Issues via their Goodwin Kenny newsletter, which is emailed to many customers, and is able to be accessed via [goodwinkenny.com.au](http://goodwinkenny.com.au) and their Facebook page.

Susan would like to thank

the Tamworth Business Chamber and awards sponsors, especially SafeWork NSW for sponsoring the award category and highlighting the need to keep staff and customers safe.

**SUPPORTING NEW INDUSTRY:** From left, Shenae and Matt Forsyth, Susan Goodwin and Daniel Mulligan. Photos REBEL HEART PHOTOGRAPHY

**FUN NIGHT:** Back, Fiona Little, Robert Taggart, Pete Duncan, Declan Neill, Daniel Mulligan, Doug Neill. Front, Cathy Neill, Susan Goodwin, Shenae and Matt Forsyth.

Susan said: "Of the 29 awards this is the one that all businesses can enter, so it should be the hardest to win. "Most businesses have OH&S procedures in place for themselves, their staff

and their customers but I feel many do not enter this category because they feel it is difficult or they are worried about their procedures," Susan said.

Over the past 12 years

Goodwin Kenny has been a finalist in a number of categories and has enjoyed success on five occasions, with their first award in 2007 for excellence in rural industry, then in 2010 for excellence in rural industry, in 2013 for excellence in community involvement and in 2015 for excellence in workplace health and safety.

"This recognition for our business and our staff is very gratifying," Susan said.

"I also nominate other businesses. Over the years I have nominated some of our farming customers, suppliers or other local businesses in acknowledgement of the service that they provide.

"This year I nominated two new businesses and was absolutely thrilled to see Hills Remedial Clinic as a finalist in the excellence in customer service - health and wellbeing category."

Susan also nominated 4FAB (Matt Forsyth) for his fabrication business that manufactures stock ramps and crushes and hay bale accumulators and grabs.
