

T6070 Plus tractor to Coolah

Hamish & Hayley Thompson were recently looking for a higher horsepower tractor for their farming operation. After some discussion they decided the New Holland T6070 Plus Front Wheel Assist tractor would be ideal. The T6070 was fitted with a Challenge/New Holland L3900 Front End Loader with 4 in 1 Bucket and Hay Spike. Hamish does a lot of spraying so a tractor with Front Axle TerraGlide and Cab Suspension was sourced through the New Holland dealer network. CNH Industrial Capital Finance completed the package. Hamish is pictured at delivery and installation on farm.

New Holland BC5060 Baler to go with New Holland tractor

After recently taking over a farm on the outskirts of Gunnedah Anthony Honess updated his tractor to a New Holland TD5.90 and then decided the old New Holland 275 baler also

needed to be updated. CNH Industrial Capital Finance offered some attractive rates and their easy application process made the process simple.

Anthony is pictured above with Nathan Keel, Goodwin Kenny Hay Service Technician, when the new baler was delivered and installed on farm. The new tractor and baler combination should see Anthony making hay very efficiently from now on.

Simplicity
AUSTRALIA

James King from Mendos Mullaley recently purchased a Simplicity 6000 litre Trailed Rear Bin Air Seeder Cart as part of Simplicity Australia's Early Order program and was lucky to be one of 5 winners of an Engel Fridge. James is pictured with Peter Kenny receiving his prize.

Silvan 800litre Pasturepak to Bingara

Ian Grieve from Netherby Grange called in to Tamworth branch to look at Silvan sprayers and after some discussion ordered a Silvan 800 litre Pasturepak with 10 metre Field Boom.

The sprayer was set up & tested prior to Ian collecting it. Having 800 litres of spray will save Ian a lot of time by not having to make so many trips to his water source and the 10 metre boom will also offer efficiencies. The sprayer was fitted with a 20 metre Hose Reel and the unit comes standard with a 15 litre freshwater tank for hand washing.

New McHale Baler for Trevor and Richard Coombes

With the expansion of their Dairy and more country to produce fodder for the dairy at Manilla, the Coombes family have updated their machinery with a new McHale Round Baler. The McHale V660C is the latest updated version of a very capable Variable chamber baler with core and bale density control, an upgraded net wrap system, improved drop floor and knife slice system.

The baler was put to work just prior to Christmas and produced well cut and formed bales. The machine was pre-delivered and started up on farm by Nathan Keel, Goodwin Kenny Hay Technician.

Richard Coombes is pictured with one of the first bales out.

This month we have some more **NEW HOLLAND** Caps to give away - simply return your payment by 25th January 2018 to go into the draw. We would also remind customers that we accept Visa & MasterCard over the phone & Debit cards may be used at our Branches. All payments by these methods are included in the monthly draw. Electronic/Internet Payments on the last day of the month cannot be allocated until the next day - it would assist us greatly if payments could be made prior to the last day of the month to allow receipting and allocation to accounts prior to Month end. **For Account Enquiries email: accounts@goodwinkenny.com.au**

Keeping you up-to-date: Happy New Year to all our customers - THANK YOU for your patronage during 2017 and we look forward to assisting you this year. No doubt we are all hoping for some much needed rain in 2018 and that was obviously on our mind when the "Joke of the Month" was chosen. There have been a few storms about with some areas doing well but we all know there is "money in mud" so hopefully the "Rain Dance" or "washing the car" or "cutting the hay" will prompt a bit more moisture.

The latest edition of **NEW ENGLAND LIVING** magazine has hit the Newsagencies. This magazine is a beautiful production and showcases the wonderful region we live in, as well as the immensely talented people that live here. I am proud to be an avid and loyal reader of the magazine, as well as an advertiser. In this issue the Tenterfield region is highlighted and it looks like it has a lot to offer - it has been years since I have had a few days in Tenterfield and I think I should plan another weekend there soon. NEL usually has an AGKNOWLEDGE page written by an Agronomist and in this issue the Editor, Jen McMahon, asked if I would like to write the page on "tractors". Now, as you all know, I have been known to "talk about tractors at any time" and I was flattered to be asked and decided that I would use this opportunity to collaborate with **SafeWork NSW** on the article. With SafeWork NSW Manager NENW Region, John Ringland, we hope to draw attention to Farm Safety and the need for regular Servicing and Maintenance, as well highlighting the investment being made in Quad Bike Safety grants and training. Please support this local magazine and pick up a copy - it will make great holiday reading.

A few of us also had our fortune and future delved into by Suzanne, the Clairvoyant and Palmist. And what did she see in my cards for the future ?..we shall see ! **The Tamworth Hotel has a full timetable of events for Country Music so check them out on Facebook.**

2017 was a year of mixed emotions for me, one wedding and seven funerals! Losing family and friends - but that is life! I am grateful that Tony Housden has now returned to work (part-time) after his cycling accident in January 2017. I am also grateful to our staff who continue to provide the best service possible to our customers, and where would we be without our customers? I am also blessed with good friends who like to paint, dance, drink and laugh with me. If you would like a New Holland Calendar call in at the Tamworth and Gunnedah branches. ...**Wishing you all the best in 2018.** ...Susan Goodwin
