

New Holland T6070 LS to Coonabarabran

Laurence Bassett (pictured at right) and his mother Irene, have owned a New Holland TT55 tractor for some years and needed an additional tractor with more horsepower to make some of their farming work a little easier on their property at Coonabarabran. After some discussion with Susan Goodwin and an inspection of the tractors in stock at Gunnedah with Peter Kenny, Laurence decided the New Holland T6070 LS would be ideal. The T6070 LS has 141 HP, a Low Profile cab, 6 cylinder Turbo charged/ Intercooled engine and 16 x 16 Electro Command transmission. Laurence also purchased a GPS aerial and mounts to suit a EZ250 Lightbar Guidance Display which were fitted at Tamworth. The Bassetts also took advantage of CNH Industrial Capital Australia's attractive Finance rates and found their application process very easy. On property installation and start-up was carried out by Levi Alley, Tamworth Service Technician.

Hustler chosen for Uralla farm

Needing to make life easier for his father, to help out after an injury, Rodney Watson investigated bale feeders for use on their Enmore via Uralla farm.

The 3 point Linkage Hustler SL360X Chain Round Bale feeder is a robust efficient machine that will not break the bank, with auto release of the self-loading spikes, low maintenance requirement and heavy duty chains will see many bales and years of use.

The New Zealand made Hustler range of bale feeders includes chain and chainless models that will feed out Round and Big Square bales efficiently and reliably whether mounted on the 3pt Linkage, trailing drawbar mount or even hanging on the Front End loader for discharge into higher cattle feeders.

Call us today to see how you can feed out more efficiently and save money.

Getting Creative We have known for some time that our Service Technician, **Nathan Keel**, not only repairs balers but has a creative flair. He made the Table Centrepieces for his Wedding with Andrea, and has made Andrea a few things for around the home like a Nail Polish rack. More recently he has found favour with his Mother-in-law, Kerrie Kidd, by making the wall plaque that now adorns the entrance at the **A1 Pet Motel** (which is a great place to leave your dog if you are going away).

Nathan also made a "workshop inspired" Business Card Holder using old gears and spanners for the front counter at work which looks great. I believe he has a few other things in the pipeline!

All payments are included in the monthly draw.
Account Enquiries: accounts@goodwinkenny.com.au

HAVING A BAD DAY? A woman came home to find her husband in the kitchen shaking frantically, almost in a dancing frenzy, with some kind of wire running from his waist towards the electric kettle. Intending to jolt him away from the deadly current, she whacked him with a handy plank of wood, breaking his arm in two places. Up to that moment, he had been happily listening to his Walkman. STILL think you're having a bad day?

Keeping you up-to-date: A fabulous night of glitz and glamour at the **WESTPAC GATSBY RESCUE BALL**, with the 2340 Big Band playing and Kate Armstrong, Brad Gill and Sally-Anne Whitten singing during the evening. Great music and thank goodness for the dance lessons! We were actually looking like we could do a bit of Swing and Jive! Delicious food by Corey's Catering and the Tamworth Town Hall was decorated beautifully. Great company also and thanks to my guests Doug & Cathy Neill, Fiona Little & Steve Prosser, Shane & Kate Cullen, Jack Webster, Rob & Jenny Taggart for "dressing up" and supporting this very worthwhile cause to ensure that no one has to pay for the rescue service. Goodwin Kenny was proud to be a sponsor for the evening. Congratulations to Taylor Fletcher at Westpac Rescue Helicopter Service & the hard working committee for a wonderful evening.

Did I say "thank goodness" for the Dance Lessons? As fate would have it, or was it Karma? - I had a fall at Dance Class last week and apparently it was very graceful! I have a few bruises, including a bruised ego, and have dislocated and broken my left wrist! In a cast and on the mend now, and hopefully back dancing in 6-8 weeks. Note: I am still at work and trying to be as "normal" as possible, but there are a few things you cannot do one handed like paint your nails, put ear-rings in and open jars. But where there is a will there is a way, I am becoming very creative about how to get things done. Not being able to drive is difficult - I do like my independence!

While I have some spare time on my hands I will be able to read a couple of magazines and watch a few movies. Have you seen the latest editions of **New England Living & Downtown** magazines? Both magazines have lots of local content and are beautifully presented. It is lovely to see an article about local artist, **Kate Rutter**, in the Downtown magazine. As a mother of two girls, a farmer's wife and artist she has her hands full. I have always admired Kate's art, her sense of humour and her work ethic.

They say "time flies when you are having fun"-30 years ago I started work at Goodwin Kenny and I am still smiling! ..Susan Goodwin
