New Holland TT4.90 to Blandford

Craig and Stuart Murphy were having a busy time feeding between two farms at Blandford and Timor, so they needed to reduce the time and hassle of constantly moving tractors between locations. A New Holland TT4.90 utility tractor with a Challenge AP32 front end loader was chosen. Being a ROPS style tractor, rather than cab, will make it easy to get on and off when feeding, spraying and fencing. The 88 horsepower will make it very useful and it will be an easy swap with their New Holland T5050 and John Deere tractors.

The New Holland TT4.90 has a Synchro Forward/Reverse shuttle on the dash, 12 speed transmission and no electronics. The Murphys also took advantage of good interest rates on offer by CNH Industrial Capital Finance.

The tractor was installed at Tamworth and is pictured being loaded on local contractor, RJN Transport, for delivery to the new owners.

Another New Holland Mower for the Woolastons

Tom and Margot Woolaston at Stratharlie, Somerton have owned and operated New Holland Mower Conditioners for many years. Last year Tom decided to purchase a New Holland 313 Mower Conditioner and opted to still keep using his current 1431 Mower. The new New Holland 313 Mower Conditioner was recently installed and started up on farm with one of Tom's farm workers (pictured at left). The New Holland 313 is an 8 disc machine with rubber rollers, 2 point swivel hitch and a 4.0 metre cutting width. Another feature is the Quick-Change Knife system. There is currently one 313 Mower in stock at Gunnedah.

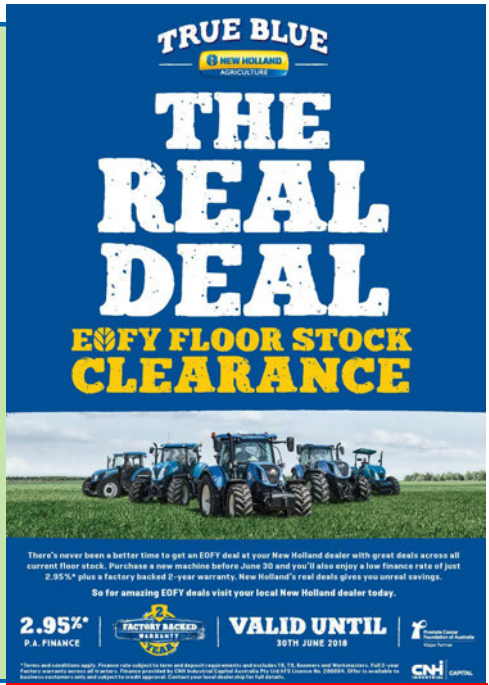
CNH INDUSTRIAL CAPITAL



Looking to spray some weeds?

Rob Branch, from B & G Livestock, Watsons Creek was looking for a sprayer and spotted the Silvan 800 litre Economax Sprayer in a recent Silvan catalogue. Rob compared the features and price of this sprayer with the Silvan Pasturepak and after some discussion with Susan Goodwin, the Goodwin Kenny staff and Silvan, he ordered the Economax unit with a 10 metre boom, 20 metre hose reel with Triam 44 gun. The sprayer was installed at Tamworth and Rob was keen to put it to use after some welcome rain.

TRACTOR WINTER MAINTENANCE

Oil and Filter Change intervals – whether your engine is 100, 200, 300 or now 600 hours between oil and filter changes, there is always an overriding "or 12months whichever occurs first" in the Operators Maintenance Manual. This is because oil and the filtering material inside the filters degrade over time; contaminants in the oil also accelerate this breakdown. Regardless of how few hours you do – **change the engine oil and filters every year**.
So now is a great time to take advantage of our May Maintenance Special.

MAY IS MAINTENANCE MONTH

So now is the time to get your tractor or baler serviced - Contact:
Ken Hatton at Tamworth on 6765 5244
Mark Kenny at Gunnedah on 6742 5777

Regardless of hours worked, your tractor should be serviced every 12 months

SAVE 10%
On Filters, Oils, Belts, Labour & Travel in MAY

Do you have a cab tractor? There is a way to reduce problems and costs with your Air Conditioner – USE IT all the time – regardless of how cold it is outside leave the Air Conditioner ON at all times while the tractor is operating and use the heater control to keep the cab warm – WHY is this So – most Air Conditioners fail because the compressor seals sit still and no oil is circulated to lubricate the seals throughout the system – therefore the gas leaks out and you have a big bill to repair it. This applies to your car and ute as well.

What else should you do for your tractor for winter? Take the tractor for a drive!!! Every 2 weeks just take the tractor to get the mail, check the boundary fences, check the water troughs – anything at all. A half hour run will be enough to keep seals lubricated and supple, get the engine warm and move coolant around. The number one killer of any machinery is inactivity; the small cost to run it occasionally can outweigh the high cost of replacing seals and having other problems. Want proof – go and try to start that old machine at the back of the shed and you know there will be oil leaks and other problems.

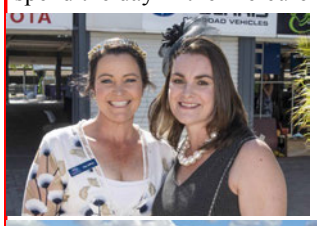
JOKE OF THE MONTH ……. DON'T DESPAIR

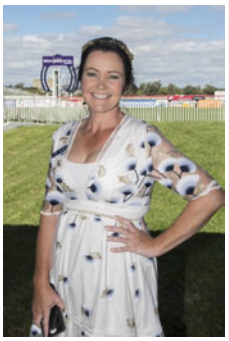
Sitting by the window of her convent, Sister Barbara opened a letter from home one evening. Inside the letter was a $100 bill her parents had sent. Sister Barbara smiled at the gesture. As she read the letter by the window, she noticed a shabbily dressed stranger leaning against the lamp post below. Quickly, she wrote, "Don't despair. - Sister Barbara," on a piece of paper, wrapped the $100 bill in it, got the man's attention and tossed it out the window to him. The stranger picked it up, and with a puzzled expression and a tip of his hat, went off down the street.
The next day, Sister Barbara was told that a man was at her door, insisting on seeing her. She went down, and found the stranger waiting. Without a word, he handed her a huge wad of $100 bills.
"What's this?" she asked. "That's the $8,000 you have coming Sister," he replied. "Don't Despair paid 80-to-1."

Keeping you up-to-date: Even though we have not received any good rain there is still a fair bit of activity in the branches. We have seen increased inquiry on hay handling equipment and as we have a range of Challenge Grabs, Forks and Spikes in stock these customers have been able to "get on with the job" straight away. We also have Challenge pins and ram seal kits in stock for those customers that are using their front end loaders now and require spare parts. The Service Departments have been attending to breakdowns and repairs, and now is a good time to remind everyone about the Service Special - see page 2. If it is time to replace your tractor or baler or mower before the **End of Financial Year** please call us now so we can arrange appraisals of your trades and finalise quotes and Finance in the next five weeks - it will go quickly!
Fracture Update - Last month I dislocated and fractured my left wrist! At Dance class (without alcohol!) Unfortunately during the next two weeks the fracture moved and I ended up in Surgery on Friday 13th April and, luckily, managed to get slotted into the surgery list that day to have a plate put in my wrist. Out of Hospital on Saturday just in time for the Long Lunch!

Tamworth Taste Festival - Long Lunch was held in Anzac Park on Sunday 15th April and it was a glorious day to sit and relax in the open air and enjoy some great company, delicious food from some local restaurants and a few cold drinks with The Welders Dog running the Bar.
It was lovely to have my friend, Margie Pink from Newcastle, visit for the weekend and join us at lunch where we were able to catch up with a number of old acquaintances from when Margie lived in Tamworth. Pictured: Doug and Cathy Neill, Susan Goodwin, Margie Pink, Laine Abberfield, Blagoj Ristevski, Maria Henry, Kate Cullen, Angela and Nick Brown.

Tamworth Jockey Club - Mercure Hotels Tamworth Cup was held on Sunday 29th April and the weather was perfect for a day out at the track. A very pleasant way to spend the day in the Mercure Marquee with great food from Corey's Catering and good company. Some of my guests were lucky, especially Donna Thomas from Molong, (pictured at left with Kay Jeffrey), however I did not back any winners on the day, even my share in the Punters Club did not return a dividend! Lovely to see the Fashions - congrats to the Winner Anna Barwick and Runner-up Alexandra Kellahan. My thanks to Kay Jeffrey, TJC General Manager, and Amie Simpson, Sponsor Co-ordinator. Enjoying the day: Laine Abberfield, Doug Neill, Kate Cullen, Peter Cord, Susan Goodwin, Cathy Neill and Barry Cord.





Coming up this month - Mothers Day…. and Currabubula Red Cross Art Exhibition and Sale on 17th - 20th May, with Opening Night on Thursday 17th at 6pm. I know a few local artists that will be going, so we might see you there.

..Susan Goodwin
