

NEW HOLLAND T6050 PLUS and T6070 PLUS to Leeton Grazing

With three properties in the Manilla/Barraba area, Leigh Devine and his team needed to have a tractor at each property for efficient hay handling, feeding, cleaning paddocks and farming when it rains again.

Unfortunately a shed fire a couple of years ago destroyed two tractors and the search for good quality Used tractors at realistic prices was becoming difficult,

leading Leigh and his business partners to consider new tractors and the attractive finance rates along with the surety of having new machines with warranty as well. The chosen tractors, New Holland T6050 Plus & T6070 Plus have been fitted with Challenge AP38 front end loaders and this keeps the new tractors similar to existing or burnt

tractors for all the operators, so there will be less problems moving staff or machines from farm to farm. The T6050 is 125hp, while the T6070 is 140hp and both are coupled to New Holland's reliable 16Fx16R semi Powershift transmissions with Electro Hydraulic Power-shuttle and PTO for easy operation. Leigh Devine is pictured above at the delivery/installation of the tractors.

Another NEW HOLLAND T6050 to Bugaldie

Ted and Denise McGlashan run a large cropping and cattle breeding operation across a number of properties in the Bugaldie area.

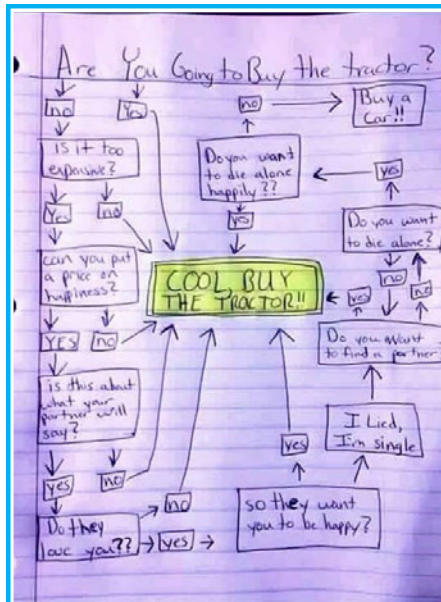

Ted recently looked for a tractor to help with the daily feeding and mixing duties for his 500 head. Having already owned a New Holland T6050 Ted opted for a second tractor that will go with his existing machinery.

The T6050 LS tractor was fitted with a Challenge/New Holland AP38S Plus front end loader and pallet forks and was put to work immediately after delivery. Pictured at the delivery/installation are Ted and Denise.

Another HUSTLER for Groveleigh

With the added burden of increased feeding frequency and distance between three feeding sites, Daniel Moore has made the decision to purchase a third Hustler Chainless bale feeder. The new Hustler X5000 trailed feeder will join two Hustler X4000 machines that have been feeding out over the last 10 years. The X5000 is capable of feeding any type of round bale - Silage or Hay with the hydraulic drive feed rollers tearing the bale apart to produce a light fluffy windrow. Importantly the X5000 can also feed any size big square bale as well, giving total flexibility over what hay bale shape you can purchase for feed. Being able to travel with two bales on the X5000, plus whatever you can carry on the front end loader makes feeding around different areas of a paddock or the farm easy and efficient with less feed wastage and higher utilisation of feed, both being fed out and anything standing in paddock. Pictured is David Coleman. Call today for price and availability on the Hustler range.

Whatever reason you have to buy a tractor -

whether it be to update to the latest technology, increasing your horsepower or to have an additional tractor to help with farming and feeding jobs - we have a range of **NEW HOLLAND** tractors in stock to suit from 75 horsepower to 315 horsepower. Our stock of Used tractors have all been sold and we have customers looking for good Used Tractors, so call us to arrange an appraisal of your tractor. With **CNH Industrial Capital Finance** available that can be tailored to suit your farming operation and cash flow, with deferred payments and flexible deposit options, now is a good time to consider a new tractor with New Holland's 2 year/2000 hour Warranty.

In stock - New Holland TT4.75 @ 75hp, TD5.75 @ 75hp, TD5.110 @ 110hp, T4.115 @ 114hp, T6020 Plus @ 112hp, T6050 LS @ 126hp, T6070 Plus @ 140hp, T7.175 @ 140hp, T7.315 @ 300hp

There are a range of **Challenge** front end loader options that can also be added to suit your requirements.

Winter MAINTENANCE SPECIAL

So now is the time to get your tractor or baler serviced -

Contact:

Ken Hatton at Tamworth
on 6765 5244

Mark Kenny at Gunnedah
on 6742 5777

Regardless of hours worked, your tractor should be serviced every 12 months

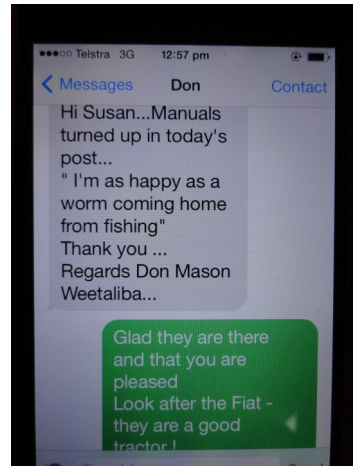

SAVE 10%
On Filters, Oils, Belts, Labour & Travel

What happens when you have an older Tractor and you need an Operator Manual or a Service manual??

With today's technology you can put a message out on Facebook on the Buy Swap Sell page and see if anybody can help. This is what Don Mason did and luckily, Tony Housden saw it and asked if we could help. Don then sent us an email with photos and serial ID of the Fiat 600 tractor and we were able to print an Operator and Service Manual for him (at a

nominal charge). Don was very pleased to receive his manuals in the post and sent a lovely message of thanks, which makes all the effort worthwhile.

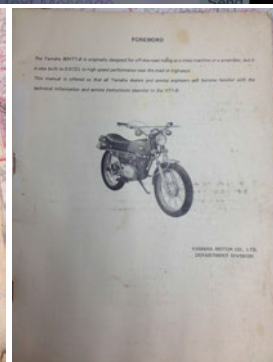

While looking for another Operator Manual we have come across this Service Manual for a **Yamaha 90HT1-B** motor bike - wondering if it may be useful to someone??

OPERATOR MANUALS

A Manual is supplied with most new machines, **but how many of them get read?** This is a timely reminder that the Operator Manual will have information that may help you with the safe and efficient operation of your machinery.

At Goodwin Kenny we have a large Library of Manuals for New Holland, Fiat, Versatile and Ford tractors, Balers and Mowers and we can reproduce a manual for you if you have lost yours. We also have files on older machines including Rakes, Seeders, Slashers and Sprayers - **call us if you need an Operator Manual.**

Engine Coolant

As we are in the cooler months it is vital to check and maintain the coolant in your tractor. The wrong coolant can cause irreparable damage to your engine and cooling system. Coolant controls corrosion (rust), assists cooling, resists freezing, reduces cavitation that leads to pitting, reduces the build-up of minerals, and much more.

If you have not replaced your coolant in the last 2 years - NOW is the time. Coolant does not last forever and just like oil must be changed regularly, either 2 years or 1200 hours. (Refer to Operator Manual) With new engine technologies comes new coolant technology - it is VITAL that you check the coolant required for your machine and get the correct one, it is also vitally important that you **do not mix coolants** with some of the new products. If you have any questions or doubts about the requirements for your machinery - please call our Spare Parts or Service teams.

OPEN SATURDAY MORNINGS - Tamworth Branch from 9am to 12pm. Gunnedah Branch from 8:30am to 11:30am.

It's been discovered that William Tell and his son belonged to a bowling league. But Swiss historians have not been able to determine the name of the league's sponsors. So we'll never get to know for whom the Tells bowled.

Keeping you up-to-date:

Frost over Barraba Art Show was held on 5th-8th July and I was able to attend on Saturday and like a few of the artists that I paint with on Tuesday nights I was pleased with the results, which proves that (contrary to opinion) we do not just talk and drink Red Wine for most of our lessons, although the Red Wine helps. (It really is the cheapest and best therapy!) I received a Highly Commended in the Novice section for Stripes & Lemons and also a Highly Commended for one of my Oil Pastels. Cathy Neill received a Highly Commended in the Drawing section and Elaine Abberfield won the Sculpture section for her Porcelain Fungi and received a Highly Commended for her Chooks in the Pottery section. Cathy and Elaine both sold works. There was some very interesting sculpture on display including a work

by one of our customers, Fred Edwards, called

Madam Austrahop which was fantastic. The wire sculpture by Julie Laurie, titled Lady of the Forest, was awesome.

Wean Picnic Races was held on Saturday 14th July and attracted a good crowd. Josh Neill, Doug & Cathy Neill, myself & Tilly Pinner joined a group of fellow racegoers on the Westpac Rescue Helicopter bus to Wean and enjoyed the day with a picnic lunch and a few cold drinks, even had a couple of wins! I also presented the First Race trophy to the strapper of "So Foxy" trained by Stirling Osland of Armidale.

"WINNERS ARE GRINNERS" - after a smashing AFL game under lights on Saturday 21st July against an in-form Gunnedah Bulldogs, the Roos, their sponsors and friends settled in at The Tamworth Hotel for a spirited evening of Trivia and tomfoolery. The competition was hot, as teams of three and four pitted their general knowledge skills against each other, with a \$5/head entry and "winner-take-all" pot up for grabs. In the end, team "El Presidente", consisting of Roos Club President, Craig "Plugger" Abbott, sponsor Susan Goodwin and Sharon Harris, Craig's partner and Roos Communication Officer, took out the prize and the ultimate bragging rights as the resident Brains Trust. There's something to be said for "maturity"! And with maturity comes grace, team "El Presidente" did not drink their winnings, but decided to put it towards another Roos function. A fun night for everyone and a big thanks to Jess Fitzsimmons who organised a great Roos social evening and was a most "entertaining" Master of Ceremonies.

What's on in August ? - Tamworth Business Chamber Quality Business Awards on 10th August, Arts Gunnedah 48th Annual Arts & Ceramics Exhibition will be held on Friday 17th August to Sunday 2nd September, AGQUIP is on 21st - 23rd August, Tamworth P&A Show on Friday 31st August and Saturday 1st September.

Goodwin Kenny are very proud to be announced as a Finalist in 3 categories - Excellence in Community Involvement, Excellence in Customer Service - Trades & Services and Excellence in Customer Service in Motor Transport Sales & Service.

A big Thank You to all our customers and Congratulations to our Staff.

Hoping that we are one day closer to some much needed rainSusan Goodwin
