

More power and comfort for the operator

"It is really nice operating in a cab that is so comfortable with lots of space" - A great start up comment from Mal Carter, attributed to the Cab Suspension, high quality Air Suspension seat and the spacious 4 post cab that the New Holland T6000 Plus tractor is known for. Mal needed some more power and weight, than his previous tractor, to do the job properly and having owned New Holland T6 series tractors previously and wanting to continue his relationship with Goodwin Kenny Service and Parts he chose a New Holland T6050 Plus. The T6050 has 127 horsepower with 16x16 Semi Powershift transmission with Electro Shuttle. Options that Mal had fitted to the tractor include 3rd & 4th Rear Remotes (4 levers in cab) and four high quality JW Speaker LED work lights. A Challenge AP38S Plus front end loader with 4 in 1 bucket was fitted and Mal added 4th Function on the loader to utilise the Side Shift on his hay grab. The loader has Euro hitch to match his other implements. Pictured at Delivery/Installation is Mal Carter with the T6050 Plus and a smile.

Making Hay at Gunnedah

Given the demand for feed at the moment, Jim Adams has decided to bring more of his Gunnedah property on the river into Lucerne Hay production.

Utilising CNH Industrial Capital's current low interest rate and their Deferred Finance package allowed Jim to purchase a complete new hay plant, when there was limited quality Used machinery available. The New Holland 313 Mower Conditioner has a 4 metre cut, Rubber Conditioning Rollers and centre pull for cutting either side of the tractor, giving total flexibility in the flood bay irrigation system.

The SIP Star 600/20T Twin Rotor Hay Rake, can handle two windrows into one or two separate rows raked, again flexibility in a high quality machine.

The New Holland BC5060 Small Square Baler is the standard for good bale shape and density, equipped with a hydraulic swing, LED lighting kit and integrated hoses and wiring to suit their accumulator.

The machines were installed on farm by Goodwin Kenny Hay Technician, Nathan Keel with JEA Rural's Ragen Webb and his farm worker.

PLANTER UPDATES Over time planters can become costly to maintain as the ground engaging tools start to wear. In most cases the tillage bar is still in good order but the replacement cost of a complete bar is quite high. An alternative to a complete replacement of the planter bar is to replace the ground engaging units. Goodwin Kenny can supply planter units at a fraction of the cost of a new bar.

On display at the Gunnedah branch is the **Simplicity SD-400** single disc planter unit. This unit features a large undercut disc opener for minimal ground disturbance and excellent seed placement.

The Simplicity assembly features quick and easy adjustments for depth control, downforce pressure and presswheel contact and can be fitted to both 4x4 and 7x7 beams. These units have a number of options including air diffusers, liquid fertiliser application and covering chains behind the presswheel.

Also on display is the **Janke FX 900P** parallelogram planter unit. This rig has a 900LB spring breakout pressure with a single vertical disc opener in front of a pin adjustable vertical tine and spear point. A mounted pivoting presswheel for closing the seed trench completes the unit. Janke have a number of different units available ranging from 400 to over 1500LB breakout pressures in both spring and hydraulic configurations.

If your planter is getting beyond its use by date, consider the alternative of the huge replacement cost of a complete bar and look at the options available to refurbish the ground units. **Call in at Gunnedah and have a look at the units on display and discuss your needs**

GOODWIN KENNY

Tractor & Farm Machinery Dealers since 1962.

For all your Scheduled Services and Repair work on New Holland, Fiat, Ford, Case & Versatile Tractors, Balers and Haymaking equipment, Silvan Sprayers and all slashers - call our experienced team.

Carrying out Service work on a farm can be a dangerous occupation!
You never know what you may encounter as our 2nd Year Apprentice, Cooper, discovered at a recent service on a New Holland tractor when he was assisted or was it attacked by this "beast"!!
The dog was almost a "handful"!

Did you get to the **Rotary Dungowan Village Fair**? From all reports it was the biggest and best yet!
This aerial shot was taken by Mark Stass and shows the many tractors, cars and trucks on display.
Paul Cox told me there was a record number of engines and people there,

1. Alana Mason, Armidale 2. Mary Attard-Highly Commended Water Colour 3. Pen Sheppard, Kootingal 4. John Shields, "Frosty Morn" 5. Judge Michelle Hungerford, Kevin Anderson and myself.

The Lions Club Kootingal Art Show held their Opening Night on Friday 12th October with a lovely display of local artworks and a good crowd in attendance. The Grand Champion "Rory Busking" was by Stewart MacDonald of Armidale, First in the Oils/Acrylic section was Alana Mason with her work "Communication Breakdown", Highly Commended in this section was John Shields for "Frosty Morn, New England" and a very surprised Susan Goodwin for her "Stripes & Lemons". The winner in the Miniature section was Pen Sheppard, Kootingal for "Still Life with Pears" and in the Pastel section was Noreen Stodart, Armidale for "Standing Alone" and another Highly Commended for Susan Goodwin for "Café Culture". The Judge for the show was Michelle Hungerford with Awards being presented by local member Kevin Anderson, who also presented the local community with some funds to upgrade the facilities at the Kootingal Hall.

Rugby Championships - NSW Country Eagles vs Queensland Country
Yes, I like Rugby too! And went watch this game at Scully Park on Saturday 13th October. Unfortunately the NSW Country team did not win on the day.

The game was of special interest as a past employee, Mick Snowden was playing. Mick worked at Goodwin Kenny in 2006 as a Trainee Spare Parts Interpreter after leaving High School. He told me when he applied for that job that he thought his chances of playing Rugby at an elite level were gone as he had not been scouted in his final year at school. Anyway, at the end of his first year with us and while playing for the local Pirates he was scouted by Eastwood. Mick made the move to Sydney and played with Eastwood, Western Force and NSW. I had the chance to catch up with Mick after the game and it was lovely that he recognised me! He says that his body has "given in" after 30, that was his last game and he will now be happy being a High School Teacher imparting his knowledge on History and Geography. New Holland was a sponsor of the National Rugby Championship which Mick & I thought was fitting that he was still with the "brand".

Did you see the Ride-on tractors at Dungowan Village Fair?

The Red and Yellow Tractors were specially made by Paul Cox for the larger kids, the smaller Blue tractor was supplied by Goodwin Kenny. This a metal Ride-on and can be purchased for \$481.43 on Special order. We have the Plastic Ride-ons and attachments in stock now ready for Christmas. See the Toy catalogue or call in and browse the display. All purchases over \$30 before 5th December
