

Another New Holland T6070 Plus for the Pikes

For many years Charlie Pike from Werris Creek has relied on his faithful New Holland TS115 tractor for various jobs on his farm as the machine has very rarely let him down. Just before Christmas, Charlie was reading the Goodwin Kenny Newsletter and saw the New Holland T6000 range on offer. Charlie's son, Craig, recently took delivery of a T6070 Plus tractor and loader, so Charlie decided it might be a good time to upgrade his TS115 to a new machine. Charlie took delivery of his New Holland T6070 Plus tractor with Challenge AP38S Plus front end loader in January.

The tractor was also fitted with a FM750 and EZ Pilot Guidance System for his spraying operations. Charlie is pictured at the delivery/installation.

Haymaking Maintenance and Servicing

Despite the hot, dry weather there is still some baling happening and we will probably see some failed crops baled in the near future. If you have finished your baling for the year why not make sure you are ready for the next season and have your baler or mower conditioner checked over before you put it in the shed. A check-over now can identify wearing parts and may save you valuable time and money in the future.

TRIAM 44 SPRAY GUN

Ideal for high pressure applications with a trigger adjustable spray pattern with straight stream for distance or wide cone for atomising with non-drip shut-off at nozzle. It has a sturdy stainless steel/brass barrel and a polypropylene handgun construction to help reduce fatigue. Supplied with hose swivel, cone and fan nozzle.

Part No: 410-11 \$199.00 inc GST

TURBO 400 SPRAY GUN - Aluminium Hand Piece with Trigger Guard

Constructed from high impact chemical resistant plastic with stainless steel and brass components. Features include spring loaded adjustable spray lever with variable spray control from misting to spot spraying and a trigger locking device. The Airvac shroud atomiser ensures a very fine mist with excellent leaf coverage and reduction of droplet leakage when operating from 1500kPa upwards.

Part No: 401-26BRQS \$195.00 inc GST

CHEMICAL MEASURING JUGS - Available in 1, 3 and 5 Litres

Measure chemicals accurately and pour them safely with these quality measuring jugs. Also available 15 & 25 Litre Chemical Buckets.

REMINDER: Nozzles DO NOT last forever – they wear and put out an uneven pattern – 2 years is about the maximum time you will get from a low use boomspray – nozzles can also be worn out and need replacement after just a couple of weeks use depending on the chemical you are using.

If you have non drip nozzle bodies you should also remove the cap and inspect the diaphragm, clean and reassemble.

PLEASE take the time to run your sprayer with clean water to make sure everything is correct BEFORE you put chemical into the tank.

Just to keep you up to date: How quickly the year is going! It is time for football again, in many formats, and on the local scene the **Tamworth Kangaroos AFL Club** are about to commence their training in both the Men's and Women's teams. If you have an interest in AFL or just want to get fit and meet some fun people why not head to their training sessions on Tuesday and Thursdays at Viaduct Park at 6.00pm. The club is always looking for volunteers who love the game as they need Referees, Lines people, team support and water carriers. The Women's team won the competition last year and are hoping to emulate that success in 2019, while the Men's team are looking to go one (or two) better than last year and get to a Grand Final. Follow the Roos on Facebook or contact Craig (Pluggie) Abbott on 0488 240523 or Sharon Harris 0412 581519 for details. Goodwin Kenny has been a proud Roos sponsor for 16 years.

Did you get out and about during the Country Music Festival?

Despite the heat it was still good to get to a few concerts. My friends and I saw a number of shows including Deep Creek Road, Hurricane Fall, Jimmy Craz Band, Wolfe Brothers, Thirsty Merc and Murphy's Pigs.

And when all the Country Music is "done and dusted" what could be better than a night listening to the songs of the Beatles? At the **Tamworth Hotel** on Saturday 2nd February there was a Show "Paul is Dead: A Tribute to the Beatles"

featuring Scotty Munday, James Craswell, Andrew McMahon and Dane Kelly. The Beer Garden was packed and the mood was great with all the patrons in attendance enjoying a cold drink and singing along to so many Beatles classics. A really enjoyable night.

The **Tamworth Hotel** is also hosting the **Latin Social Club Tamworth** on a monthly basis. I attended their first Social Night last month and the members of the club are very friendly. They demonstrated some Latin dances before inviting everyone onto the dance floor to have a go, with a little tuition. No prior knowledge or dance experience is necessary. It was a good work out! and great fun!...thank you Carlos and Carlos. This month the theme will be Cuban music and dancing, and will be held on **Saturday 16th February** at 8.00 pm. Follow them on Facebook - Latin Social Club Tamworth. (The Tamworth Hotel is also a sponsor of the Roos - see their Facebook for their entertainment details)

Silvan have released their **Summer Days** catalogue for their Spraying equipment, also Diesel transfer tanks, Fire fighting and watering units. Did you know that Silvan also have Evaporative coolers? These could be ideal need for working in the shed or studio in

the current temperature. Call in for a copy. **Special prices until 31/03/2019.** Don't forget to mark the date on your calendar for the **Moonbi-Kootingal Motor Show** The display of vintage cars, trucks and tractors is well worth a look. The Moonbi-Kootingal group will also be selling Raffle tickets with a New Holland Toy Ride-on tractor as the first prize. (The New Holland Toy Ride-on tractors are available through our Spare Parts and are priced at \$416.20. We also have a range of 1/64, 1/32 and 1/16 scale toy tractors, combine harvesters, balers and implements.) **Hoping the next rain is on it's way to your place.**
