

From a New Holland H7230 to a New Holland 313 Mower Conditioner

Jim Crouch, from Quirindi, has been a long time New Holland customer owning and operating New Holland tractors, mower conditioners and balers. He recently picked up the contract to cut, rake and bale forage at the Killara Feedlot so he decided there was a need to upgrade his existing H7230 mower

conditioner to a larger centre pivot 313 Discbine mower conditioner. The wider cut and centre pull enables Jim to cut on the irrigation beds and get across the country quicker. Pictured at the delivery and installation are Goodwin Kenny

Hay Technician, Nathan Keel and Jim looking pleased with the cut of the crop.

Hay Technician, Nathan Keel and Jim looking pleased with the cut of the crop.

Getting ready for Spraying

Sam Reardon has taken delivery of a new Silvan 800lt Super Spray unit fitted with a 10 metre Field Boom and a 16 litre 2 sided Foam marker, ready for spraying at Woolomin when we do get some rain and weeds.

The spray unit will be used on Sam's hay and pasture paddocks; and with a 75 litre/ minute pump it has the capacity for using higher output volumes for any special spray jobs. The new Silvan 16 litre Foam Marker is standard as a double side foam delivery that mixes the foam at the end of the boom, producing better, longer lasting foam. The unit was set up and installed at Tamworth branch with Sam (pictured).

We have Silvan Pasturepak 400 litre and 600 litres sprayers in stock or can order Spray units to suit individual needs.

Another Vicon chosen accuracy and ease of use

For his Hillgrove property Marcus Laurie has purchased another Vicon Pendulum Spreader. The PS754 has a capacity of 750 litres (and can be increased with extensions) and can accurately spread fertiliser and seeds over 9 to 14 metres.

This is the second Vicon spreader that Marcus has owned and he commented on how reliable the old unit has been over many years and how accurate the metering plates are when you need to get down to fine pasture seed spreading. The glass fibre reinforced polyester hopper has no corners for accumulation of material, is easy to clean and being low profile makes filling from small bags or bulka bags convenient and safe.

Hustler sprayer for the hills

Steep rough Nowendoc country can be hard on boom sprays, and after many years' service, Philip Kuehn's old sprayer needed to be replaced. He has

chosen the Hustler Katipo 890 litre tank that has a large hinged lid, with a 2" Camlock fill point, string pull dump valve and under frame protection as standard. The hinged storage box, fresh water tank and two agitation options will also be handy as required. The unit has been fitted with a double sided Boomless nozzle kit suitable for spraying in the steep country and an outlet, valve and hose suitable for tree watering (after tank cleaning). Hustler's 24month Standard Warranty is another attractive factor in the purchase decision.

Account Enquiries: 02 67655244 or email ... accounts@goodwinkenny.com.au

Our bank: Commonwealth Bank BSB: 062 602 Account Number 00 272 029

Please use your Account number, Name or Invoice number as a reference.

Just to keep you up to date: What's in a name ??this question has been posed by many, including Shakespeare !

....and also by a few people on Facebook....and contrary to the sometimes humorous taggingFIAT is not an acronym for "Fix It Again Tony".

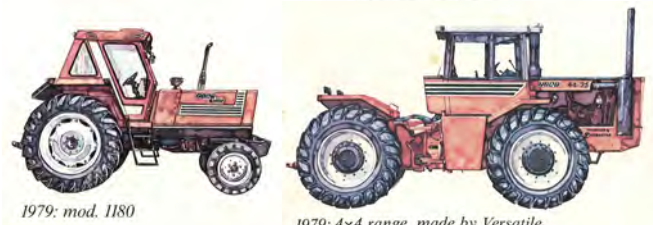

The name of FIAT, the Italian car company, is an acronym, and it's name originally stood for -

Fabbrica Italiana Automobili Torino,

meaning loosely "Italian Automobile Factory of Turin," the region in which the country was founded. And I commented on Facebook to answer the query on the correct derivation of the name. The company's portfolio includes automotive brands Abarth, Alfa Romeo, Chrysler, Dodge, Fiat, Fiat Professional, Jeep, Lancia, Maserati, Ram Trucks. Ferrari was spun off from the group in 2016. FCA also owns industrial subsidiaries Comau, Magneti Marelli, Mopar and Teksid. **Fiat Chrysler Automobiles** became the new owner of Fiat Group. Fiat Group has produced vehicles under twelve brands: Abarth, Alfa Romeo, Chrysler, Dodge, Ferrari, Fiat, Fiat Professional, Jeep, Lancia, Maserati, Ram Trucks, and SRT.

Recently Fiat celebrated the 100 year Anniversary of the first tractor manufactured by the company.

At Goodwin Kenny we are very proud of our Fiat connections, having been appointed a Fiat dealer in 1962. We have seen a number of transitions and changes within the company that now has the name New Holland Agriculture or CNH Industrial.

The Latin Social Club Tamworth held another successful night at the Tamworth Hotel last month with a good crowd in attendance enjoying the music and the culture. You don't need to know how to dance or have a partner or even know the words to the music - it is just good fun! They will be holding their next evening on Saturday 16th March at 8pm in the garden at the Tamworth Hotel. There will again be a demonstration and tutorial, followed by dancing. Follow them on Facebook.

For all the art lovers.....Currabubula Red Cross Art Exhibition and Sale

Entries are invited and close on Wednesday 24th April 2019, see www.currabubulaartshow.com.au This annual Art Exhibition at Currabubula Memorial Hall, organised by the Currabubula Red Cross, starts with supper and refreshments on the Opening Night which will be held on Thursday 16 May 2019 from 6pm-9pm, cost is \$20pp. The Art Show will be open for display and sales from 10am to 5pm on Friday 17 May 2019 and Saturday 18 May and Sunday 19 May from 10am to 3pm.

Tamworth Regional Craft Shed held their first Market Day last Saturday, 2nd March, with displays and sales of Pottery, Woodturning, Knitting, Sewing, Embroidery, Lapidary, Felting, Weaving and Spinning, Bonsai and Blacksmithing. There was also Stall holders selling a range of products such as plants, jewellery, leatherwork etc. (For Stalls at future Markets contact Skye on 0444 517573.)The Craft Shed Committee also ran a Cafe so there was selection of delicious foods and beverages available for purchase. The Craft Shed has classes for these and many more crafts and skills, including the Art/Painting classes (which I attend on Tuesday nights) and information can be obtained on 67612779 Monday to Friday 10am to 4pm. New Members and visitors welcome. Also their website www.trcci.com.au or on Facebook - Tamworth Craft Shed. The Craft Shed is located at 109 Peel Street (Opposite Northgate on Manilla Road).

I was particularly interested in the Blacksmiths Shed and had a chat with Craig Drew about doing a Workshop with him in the future. This is best done in a group of four people so I will be looking for a few people to do this with me. Who knows what we will be able to make!! The Craft Shed will be holding these Market Open days on the first Saturday of each month and the next one will be Saturday 6th April.

..Susan Goodwin
