

New Holland tractor number 5 for the Blanch family

Keith and Cormaree Blanch have been New Holland customers for many years. They initially purchased a New Holland TM150 in 2002, this machine was upgraded and through the years they have taken delivery of a New Holland TM155, a T6090 and a T7.220. Their most recent delivery is a New Holland T7.230 Long Wheel Base tractor. This machine has the 19 x 6 Power Command transmission, front axle suspension and cab suspension for a superior ride. The tractor was fitted with a Challenge/ New Holland L4500 Plus Front End Loader. Keith also opted for the New Holland Extended Service Package for peace of mind maintenance. Pictured at delivery is Ambrose Blanch and Peter Kenny.

FIAT Powertrain Technologies

Tom Swain from Emerald Hill, recently upgraded his irrigation engine. Tom was looking for a reliable power source that was fuel efficient. A FPT (FIAT Powertrain Technologies) Model N67 ENT was supplied for the job. This engine is a 238 HP Motor with Electronic Common Rail injection and included air filter, sub frame mounting, industrial clutch and control panel with Shutdown capabilities. FPT have a full line of Industrial Power units ranging from 100 HP to 510 HP. Picture shows the IPU unit at initial installation.

Ready to make hay when it rains

Over the last few years Jabez Nicholls has battled on with his old Gehl 880 mower conditioner and has often asked Goodwin Kenny about a new machine. 2019 is the year that his mowing will be done quicker, cleaner and without the constant threat of downtime causing him grief. Jabez has decided on a New Holland H7230 with 2 point hitch and Rubber conditioning rollers, with ShockPRO hubs to protect the

independent modules against impacts. The unit will be put to work on Jabez's irrigation and dryland hay crops – when we get sufficient rain.

The second machine Jabez has invested in to save time is the Breviglieri Rotary Hoe with Crumble Roller. Being time poor with other business interests leaves Jabez in the position of not always being able to complete a paddock with traditional cultivation. By Chisel ploughing and then running the hoe, wherever he gets to with the hoe the field is ready to sow. The Breviglieri B170V-280 (Made in Italy – supported by Silvan Australia) has a working width of 2.8m, working depth of 100-200mm depending on soil conditions (and horsepower) with the crumble roller on the rear serving dual purpose of depth control and final finish breaking up any last clods and firming the surface to reduce wind and water erosion.

breviglieri

GOODWIN KENNY wish to advise that there will be an increase in our Labour Rate from 1st March 2019. We have not increased our Labour Rate since 1st March 2017 and have maintained that rate for the last 2 years in an effort to support our farming customers. From **1st March 2019** the Labour Rate will be **\$105.00 plus GST = \$115.50 inc GST**
At this Rate Goodwin Kenny is below most of our competitors.

NSW FARMERS ASSOCIATION PREMIER FIELD DAY

On the 27th March 2019, the NSW Farmers Association Premier Branch conducted their annual Field Day. The day started with growers and sponsors meeting at the Clyde Purkiss Oval at Premier, from there it was off to the historic Rockedgiel Homestead where an array of delicious plates were served for morning tea. Crop inspections of the Sorghum crop of Andrew Campbell of Rockadgiel were then carried out with a guessing competition of the estimated yield (eventually won by Jim Mitchell). From there it was off to Duncan Ball's property where a working demonstration of the Finish made ELHO 550 Scorpio Rock Picker was observed. This machine rakes the rocks into a central pickup area where the rocks are carried into a bin which can be then unloaded either into a truck or dumped on the ground. After this demonstration it was back to Premier where a BBQ lunch was served. After lunch there was a brief presentation on the effects that Q-Fever can have on people if infected, which includes Chronic Fatigue.

Gordon Brownhill from Spring Ridge then gave a rundown on how the Brownhill Cup was created before handing the microphone over to the 2018 recipient, Rob M Carron.

Rob gave a quick insight as to what he would be doing with the \$2,000 that comes with the Cup win. Rob and some of his long time friends will be visiting the Gulf country to view the farming practices of the Greentree family who have cleared some 10,000 - 15,000 acres of country and are growing Cotton and wheat in that area now.

The Awards were then given out with the Major recipients being:

Premier Shield: Jim Mitchell, Romani Pastoral Co.

Premier Plate: Hugh Simson, Red Bobs.

Mick Gaynor Memorial: tied between Rockedgiel Partnership and Tamalie Farms.

Wilf Hocking Memorial: Hugh Simson.

Andrew Mitchell from Tamalie Farms was also recognised for his win in the state Durham\Wheat competition.

The prestigious PREMIER SHIELD for the winner of the Zone Sorghum Crop for 2019 was Romani Pastoral Co Premier, Jim Mitchell presented with the award by Loretta Serafin

Charlie Wilson presenting Premier Plate for Zone Wheat Comp to Hugh Simson (Red Bobs Farms)

Mick Gaynor Memorial Trophy for Farmer of the Year L-R Andrew Mitchell (Tamalie Farms), Andrew Campbell (Rockedgiel Partnership) and Mr Pat Gaynor

Bruce Hockings & Hugh Simson - Winner of Wilf Hockings Memorial Wheat Comp Tambar Springs/Mullaaley

I was also asked to present an award as a sponsor and was happy to award Jim Mitchell with the prize for the local Wheat competition win. The Premier Rosebowl for the best Sunflower crop for the first time had no winner, due to harsh times with no sunflower crops being planted. On completion the Twilight Cricket competition final was played between Burrendong and Blackville. Sponsors and farmers alike enjoyed the day and it was good to see so many people attending.

Geoff Dawson, NAB with Tom Simson of Plantation Trading, Winner local wheat Comp

Winner of the 2018 State Durum competition Andrew Mitchell of Tamalie Farms with Gary Wehr of CHS Broadbent

Loretta Serafin of NSW DPI with Peter Kenny of Goodwin Kenny presenting Jim Mitchell, Manager of Romani Pastoral Company, Premier, with the trophy for the local sorghum competition

Thank you to the organisers

..Peter Kenny
